Long Beach, CA | (562) 326-6747 | erikamelendez99.em@gmail.com | [LinkedIn](#)

PROFESSIONAL SUMMARY

Data Analytics Specialist with a strong foundation in ecommerce, data analysis, and digital marketing strategy. Experienced in supporting high-velocity fashion brands through SQL-driven insights, campaign performance tracking, and cross-functional reporting. Proven ability to optimize marketing initiatives using Clickhouse, Excel, and Google Ads. Bilingual in English and Spanish, with a passion for data-driven storytelling that drives engagement, revenue growth, and global brand impact.

EDUCATION

California State University, Long Beach

M.S. Marketing Analytics – May 2023

B.S. Business Administration, Emphasis in International Business – May 2021

PROFESSIONAL EXPERIENCE

REVOLVE / FWRD – *Cerritos, CA*

Process Innovation Coordinator

Sept 2022 – Present

- Supported ecommerce merchandising and planning teams by analyzing sales and performance data using SQL, Clickhouse, and Excel.
- Developed automated dashboards and reporting tools to streamline performance tracking, reducing manual workload by 30%.
- Created daily, weekly, and monthly pivot reports to monitor product sell-through, campaign engagement, and cross-channel KPIs.
- Partnered with analysts and managers to provide real-time insights on product drops, optimizing inventory and campaign timing.
- Translated large datasets into actionable views for planning analysts and managers, enabling informed buying decisions.
- Delivered ad hoc data analysis and reporting templates for cross-functional stakeholders across ecommerce and digital teams.

One Way Pest Control – *Orange County, CA*

Office Manager & Accounts Receivable

Mar 2016 – Sept 2022

- Managed customer relationships, schedules, and internal communications across a high-volume service business.
- Increased customer base by packaging service offerings and building strategic partnerships with property managers.
- Oversaw purchasing and accounts receivable functions to support operational efficiency.

PROJECT EXPERIENCE

Digital Marketing Analyst – Google AdGrants Campaign

Lutheran Social Services of Southern California

Oct 2021 – Dec 2021

- Executed Google Ads campaigns to increase brand visibility and drive donor traffic; improved CTR by 5% and drove 31,000+ impressions.
- Forecasted ad budgets and analyzed performance metrics to optimize spend across branded and non-branded keyword sets.
- Cleaned and analyzed social media and site traffic data in Python to identify patterns and support donor retention strategies.
- Conducted sentiment and keyword analysis to improve ad copy performance and click quality.

Global Marketing Strategy Consultant – ZenCV (X-Culture Program)

Remote | Mar 2021 – May 2021

- Developed a global ecommerce growth strategy, scoring in the top 46.5% of all project submissions.
- Proposed new product offerings, social media campaigns, and market entry strategies based on competitive and customer research.
- Conducted customer segmentation and positioning analysis to support campaign messaging and targeting.
- Collaborated across time zones with international team members in Colombia and Pakistan to deliver client-ready proposals.
