

Vikas Deep Sakha Data Engineer

✉ vikasdeep@myworkmails.com ☎ 470-981-9099 📍 Atlanta, USA in LinkedIn

Profile

Dynamic and results-oriented Data Engineer with 3 years of comprehensive experience in designing, developing, and optimizing complex data infrastructure and solutions. Adept at data modeling, ETL processes, and data warehousing, with a strong focus on improving data reliability, efficiency, and quality. Demonstrated ability to lead projects and collaborate with cross-functional teams to drive business insights and decision-making.

Skills

Languages & Framework (Python, Scala, SQL, NoSQL, Hadoop, Apache Spark, PySpark, Apache Kafka, NumPy, Pandas, Matplotlib, SciPy, Scrapy),

Database & Cloud (MySQL, MS SQL, PostgreSQL, MongoDB, AWS (S3, EC2, VPC, IAM, Glue, Redshift), Azure (Blob, VM, Azure Active Directory), Databricks),

Tools & Technology (Power BI, Tableau, Jupyter Notebook, IBM SPSS, Apache Nifi, Data Mining, Data Warehousing, Snowflake)

Professional Experience

Data Engineer, Wayfair

07/2023 – present | Remote, USA

- Orchestrated integration of 15+ data sources into Google BigQuery using Python automation scripts and SQL queries, enhancing data retrieval efficiency by 40% while ensuring scalability with AWS Cloud Services.
- Implemented Apache Flink and Apache Kafka for real-time data streaming, processing 500,000 records per hour, reducing data latency by 70% and enabling seamless ingestion and processing.
- Developed and maintained robust ETL pipelines using Apache Airflow, Informatica, and Python scripting, optimizing data extraction, transformation, and loading processes for performance and reliability.
- Managed SQL (MySQL) and NoSQL (Cassandra) databases, optimizing performance and scalability through query optimization, indexing, and partitioning strategies.
- Implemented data validation and cleaning processes using Python libraries, ensuring high data quality standards. Collaborated closely with cross-functional teams to align data engineering solutions with business objectives, utilizing Power BI for visualization and reporting.

Graduate Research Assistant, Kennesaw State University

01/2022 – 05/2023 | Atlanta, USA

- Developed datasets to dissect factors influencing domestic extremism in the US amidst the COVID-19 landscape, employing advanced web scraping techniques and meticulous data transformation with Power Query.
- Conducted rigorous data quality assessments and implemented precise data cleansing using SQL queries, ensuring the accuracy and reliability of the datasets for subsequent analysis.
- Utilized SPSS for sophisticated modeling and in-depth analysis of curated datasets, yielding actionable insights into the nexus between domestic extremism and the COVID-19 pandemic.

Data Engineer, Tata Consultancy Services

09/2019 – 12/2021 | Hyderabad, India

- Developed and execution of a scalable data architecture, seamlessly integrating disparate data sources into a centralized AWS Redshift data warehouse. This initiative led to a notable 40% increase in data accessibility.
- Orchestrated the deployment of a robust cloud-based data infrastructure on AWS, adeptly managing a daily influx of over 5 TB of data. Resulted in a substantial 30% enhancement in data processing efficiency.
- Implemented cutting-edge real-time data processing using Apache Kafka and Apache Spark, reducing data latency from hours to minutes, thereby enabling real-time analytics and decision-making.
- Proficiently managed and optimized PostgreSQL and MongoDB databases, handling a vast dataset of over 2.5 billion data points. Implemented optimization strategies that boosted query performance by an impressive 60%.
- Developed and implemented more than 20 interactive dashboards and reports using Power BI, significantly improving stakeholder engagement by 35% through enhanced data visualization and accessibility.

Education

Master of Science, Kennesaw State University
Computer Science

01/2022 – 05/2023 | Marietta, USA

Bachelor of Technology, R.V.R & J.C. College of Engineering
Mechanical Engineering

08/2015 – 05/2019 | Guntur, India

Certificates

• AWS Certified Cloud Practitioner ☑

• Google Analytics for Beginners ☑
