

JUWAN SULLIVAN

Data Entry Specialist

1404-844-8381 | sullivan.juwan11@gmail.com |

SUMMARY

A results driven data entry specialist with nearly 3 years of hands on experience in high volume tax and client data management, complemented by over 7 years in customer facing roles. Adept in data management, confidential record keeping, workflow optimization, and inputting data accurately while working remotely or on site. Seeking to apply precision and efficiency to enhance data operations.

WORK EXPERIENCE

DATA ENTRY SPECIALIST

Tax Guard LLC

November 2022 - May 2025

- As data entry specialist for tax guard, responsibilities include accurate high-volumes data input, record keeping and information organization.
 - In addition, I also handled sensitive tax and client data with strict adherence to privacy procedures all while working in an office or remotely.
 - I swiftly identified and efficiently rectified data inconsistencies
-

INSURANCE AGENT

Allstate Insurance

January 2022 - November 2022

- On top of developing leads through outbound calls and referrals, I've built and maintained long term relationships with clients ensuring retention and satisfaction.
 - I excelled in monthly sales targets by 15% through actively reaching out to clients and recommending policies tailored to their assets.
 - Maintained 85% client satisfaction rating by being dependable and seamlessly answering all questions and concerns they may have.
-

ROOFING SALESMAN

Modern Legacy

February 2021 - September 2021

- While working as roofing salesman, I have leveraged my knowledge of the roofing process as well as materials and installation technique to accurately provide customers the best recommended solutions to their roofing problems.
 - From building immediate rapport with clients and providing excellent customer service, I'm able to keep in touch with these clients and have them provide me with referrals the pipeline moving.
-
