 - **Ticketing & ITSM Tools:** HPSM, Cherwell, Remedy, Informatica Power Center.
 - **Other Strengths:** Strong interpersonal skills, quick learner, adaptable, detail-oriented.
-

Professional Experience

Technology Support Specialist

Infosys BPM Limited, India | Feb 2012 – Aug 2018

- Administered **VMware virtual environments**, resolving VM login, network, and connectivity issues.
- Provided **L2/L3 technical support** to global users, troubleshooting desktops, laptops, VPN, and application issues.
- Deployed and packaged applications via **SCCM (.MSI/App-V)** for enterprise-wide rollout.
- Handled **incident management**, ensuring P1/P2 issues were resolved within SLA.
- Managed **Active Directory user accounts**, provisioning/de-provisioning, and assigning permissions.
- Supported **SSO, MFA, and token management** systems for secure access.
- Created and maintained **Knowledge Management (KM) documentation** for recurring issues.

Key Achievements:

- Improved resolution time for VM login issues by 20% through proactive monitoring and escalation handling.
 - Streamlined user account provisioning process, reducing onboarding delays.
 - Consistently exceeded team performance metrics in ticket closure and customer satisfaction.
-

Education

- **M.Tech in System Software** – BITS Pilani (WILP), May 2015
