SUMMARY

Detail-oriented and data-driven professional transitioning into data analytics, with hands-on experience using Power BI, Excel, and SQL to solve business problems. Seeking a Junior Data Analyst role where I can leverage my growing technical skills and customer-focused background to deliver actionable insights.

WORK EXPERIENCE

Trusted Tech Team

Irvine, CA

Account Specialist

Jul 2024 - Present

- Collaborated with a 4-person team to audit Microsoft tenant accounts using Power BI, identifying billing discrepancies and recovering \$5M in annual revenue.
- Engage with customers on billing inquiries for cloud services, efficiently processing license changes and addressing account questions.
- Analyzed customer account and billing data to identify and resolve discrepancies, improving financial accuracy
- Track and monitor support cases with Microsoft, ensuring timely resolution and escalating critical situations to management and engineering teams

Expitrans

Rancho Santa Margarita,

California

Customer Support Specialist

Nov 2023 - Jul 2024

- Configured various payment solutions to enhance client transaction support and system accuracy.
- Analyzed billing statements and payment histories to resolve discrepancies, ensuring client financial accuracy.
- Coordinated with banking partners to manage data handling and facilitate transparent communication of transactional details.

University of Hawaii at Manoa

Graduate Manager

Jul 2022 - Apr 2023

- Analyzed complex data sets to identify and resolve issues, improving operational efficiency and accuracy.
- Contributed to achieving organizational objectives by making strategic decisions that streamlined processes.
- Managed multiple projects simultaneously, ensuring adherence to deadlines and project guidelines.

University of San Francisco

Operations Supervisor

Aug 2019 - May 2022

- Streamlined troubleshooting procedures, leading to enhanced workflow efficiency and operational improvements.
- Maintained strict customer service protocols, ensuring prompt and effective resolution of client issues.
- Contributed to increased client satisfaction and improved service performance through targeted operational improvements.

Fitzpatrick Physical Therapy

Physical Therapist Aid

Aug 2018 - Apr 2019

- Assessed and documented patient responses to treatments, ensuring adherence to therapy plans and adjusting techniques for optimal results.
- Enhanced patient experience and streamlined clinic workflows through exceptional care and process improvements.

CERTIFICATIONS

Business Intelligence Data Analyst, Codecademy	In Progress, completion May 2025
SC-900, Microsoft	2025
MS-900, Microsoft	2024
IT Fundamentals +, CompTia	2023

SKILLS

Exercise Physiology • Data Analysis and Interpretation • Effective Communication • Teamwork and Collaboration • Problem-Solving • Adaptability and Flexibility • Biomechanics Analysis • Troubleshooting • Research Methods • Statistical Methods • Relationship Building • Communication • Data Analysis • SPSS • Critical Thinking • Time Management • Attention to Detail • Multitasking • Adaptability • Organizational Skills • Communication Skills • Knowledge of Help Desk Software • Customer Service • Active Listening • Analytical Skills • Team Collaboration • Problem Solving • Eagerness to Learn • Data Tools • Excel • SQL • Power BI • Teamwork

PROJECTS

- U.S. Medical Insurance Costs Analysis: Analyzed medical insurance data using Python, identified cost drivers by region, age, and BMI, visualized results in Matplotlib/Seaborn.
- Biodiversity in National Parks: Explored datasets on protected species to evaluate conservation priorities. Applied data wrangling, aggregation, and visualization with Pandas and Tableau.
- Bitcoin Price Trends (Excel Capstone): Conducted time-series analysis and created dynamic dashboards to track and forecast cryptocurrency price movement.
