Regulatory and compliance professional specializing in FDA REMS and pharmacovigilance. Proven record in adverse event triage, documentation accuracy, and audit readiness. Pursuing a Master's in Regulatory Affairs while completing Coursera certifications in regulatory compliance and pharmacovigilance.

Core Competencies

Pharmacovigilance & Case Safety Documentation, REMS Program Administration (Spravato & Clozapine), FDA, EMA & HIPAA Compliance, Adverse Event / Product Complaint Triage, Regulatory Submissions & Audit Readiness Support, SOP Development & Implementation, Quality System Maintenance & CAPA Support, Data Integrity & Compliance Tracking, Stakeholder Education & Cross-Functional Collaboration, Leadership & Team Mentoring

Professional Experience

Case Manager – REMS Operations | Momentum Life Sciences (Remote)

September 2025 – Present (Contract ended early following program closure)

- Processed 200+ REMS enrollment and certification forms weekly with a 99.5% accuracy rate, ensuring adherence to FDA-mandated Spravato REMS requirements.
- Supported compliance workflows for 60+ prescribers and pharmacies, maintaining 100% audit readiness.
- Conducted internal quality checks, achieving a 98% on-time documentation rate across assigned cases.
- Delivered accurate, compliant communication to external stakeholders regarding REMS requirements and certification status.

Patient Compliance Specialist / REMS Agent | Syneos Health (Remote)

December 2021 – July 2025

- Triage 150+ adverse events and product complaints monthly, ensuring 98% documentation compliance for FDA reporting.
- Processed Clozapine REMS updates for 300+ prescribers and pharmacies nationwide, maintaining consistent data integrity.
- Collaborated with healthcare providers to close 95% of compliance gaps within 48 hours.
- Mentored 10+ new team members on REMS protocols and quality documentation, improving training completion by 30%.
- Created standardized reporting templates that reduced documentation time by 25%.

Additional Experience

Volunteer EMT | Bensley Bermuda Volunteer Rescue Squad | Chesterfield, VA

December 2020 – December 2022

- Delivered emergency care and maintained accurate patient documentation per state and federal standards.
- Responded to 50+ emergency calls, providing pre-hospital care including vital sign monitoring, CPR, and trauma stabilization.
- Coordinated patient handoffs with hospital emergency departments, ensuring seamless continuity of care and complete documentation transfer.

Medical Technician Unit Secretary | Bon Secours Hospital | Richmond, VA

January 2019 – December 2020

- Supported clinical compliance through accurate chart documentation and administrative coordination for patient monitoring.
- Coordinated patient admissions and discharges for a 30-bed unit, maintaining 100% accuracy in medical records and chart updates.
- Facilitated communication between nursing staff, physicians, and patients' families, managing 20+ daily patient interactions.
- Processed patient orders, lab requests, and supply inventory management, supporting efficient unit operations.
