University of Ghana , Business School, <i>M.Phil. Risk Management and Insurance</i>	July 2015
University of Ghana , Business School, <i>BSc. Business Administration (Accounting)</i>	May 2011

PROFICIENCIES

Python, R, SQL, Microsoft Excel, Word, PowerPoint, Data Cleaning, Data Exploration, Research

DATA ANALYSIS ACADEMIC PROJECTS

Impact of Economic Indicators on Treasury Bill Rates: Ghana and the United States	Spring 2025
--	-------------

Introduction to Data Analysis Course, Seton Hall University

- Built OLS and VAR models using central bank data to analyze how macroeconomic indicators drive short-term interest rates.
- Introduced composite indices as innovative proxies for economic sentiment.
- Delivered insights on monetary policy responsiveness across emerging vs. developed markets.

Machine Learning for Spatiotemporal Crime Analysis & Risk Mapping in Los Angeles	Fall 2025
---	-----------

Predictive Analysis Course, Seton Hall University

- Analyzed 1M+ crime records using machine learning and geospatial methods and identified crime hotspots for evidence-based public safety planning.
- Built classification models (Logistic Regression, Decision Tree, and Random Forest models).

PROFESSIONAL EXPERIENCE

Seton Hall University, Continuing Education and Professional Studies (CEPS)	South Orange, NJ
<i>Graduate Assistant</i>	Jan 2025 - May 2026

- Supported the implementation of the Modern Campus Learning Management System (LMS), enhancing student enrollment, data processing, reporting, and IT alignment with CEPS analytics needs.
- Managed email inquiries and program communications, improving response time and coordination.
- Supervised up to 4 Federal Work-Study students to ensure timely task completion.

Emergent Payments Ghana Limited	Accra, Ghana
<i>Data Analyst</i>	Aug 2020 - Aug 2024

- Analyzed transaction data to identify key trends and patterns, supporting data-driven decision-making processes.
- Cleaned and categorized data based on established controls, ensuring accuracy and consistency for system integration.
- Documented client onboarding processes, enhancing workflow efficiency and improving user experience.
- Led user training sessions to support the adoption of our Maximus platform, ensuring smooth transitions for users.
- Prepared reports and minutes to keep stakeholders informed and aligned with project goals.

ACHIEVEMENTS

Virtual Participant, WYSE Global Change Makers	Oct 2022
---	----------

- Contributed to data-driven research towards advancing UN Sustainable Development Goals.

Presenter, Athens Institute for Education and Research Conference	Athens, Greece
<i>Student Absenteeism in Higher Education Institutions</i>	May 2018

- Delivered research findings during the Atiner International Research Conference, demonstrating analytical rigor and global engagement and impact.
