DFW, TX | 416-823-3306 | nadahaffar55@gmail.com | LinkedIn Profile: [nadahaffar](#)

Professional Summary

Business Analyst candidate with a financial services background with interest in data operations, proposal support, and project coordination. Proficient in Excel, SQL, and data visualization to generate insights that inform business strategies. Known for strong communication and organizational skills, with a commitment to delivering business solutions through collaborative, data-driven planning.

Education

Business Analytics, Post-graduate Certificate – Seneca College, Toronto, Canada

Sep 2023 – Apr 2024

Data collection, data analysis, predictive modelling, visualization, and research using Python, SQL, Tableau, and SAS.

Finance and Banking, Bachelor's Degree – Applied Science University, Amman, Jordan

Oct 2011 – Mar 2015

Developed a strong foundation in financial principles through coursework in economics, accounting, financial institutions, markets, risk management, and corporate finance.

Professional Experience

Business Operations Associate

Royal Bank of Canada PH&N Investment Counsel - Toronto, Canada | Aug 2021 – Aug 2023

Validated client and project data across enterprise systems, ensuring accuracy and compliance. Streamlined onboarding workflows and supported reporting, forecasting, and cross-functional operations through data analysis and issue resolution.

Banking Services Analyst

Royal Bank of Canada P&CB - Toronto, Canada | Oct 2020 – Jul 2021

Delivered personalized banking guidance by analyzing transactional data to recommend tailored banking solutions. Handled over 200 weekly transactions while enhancing client relationships and applying insights to support service optimization.

Accounts Receivable & Reporting Specialist

Ararat Trading Inc - Toronto, Canada | May 2019 – Oct 2020

Oversaw receivables and financial reporting, reducing overdue accounts through data tracking and proactive communication. Ensured data integrity and supported operational decisions by maintaining accurate financial records.

Grants & Financial Data Coordinator

USAID Civic Initiatives Support - Amman, Jordan | Mar 2017 – Oct 2018

Improved financial accuracy through reconciliation, expenditure tracking, and subcontract budget analysis. Processed payroll and leveraged data to enhance fiscal reporting and ensure regulatory compliance.

Sales & Support Roles

- **MarkaVIP:** Supported digital outreach and customer communication across social media platforms, applying consumer insights to enhance engagement and responsiveness.
- **Zara:** Analyzed customer behavior trends to drive data-driven sales and improve in-store service. Contributed to merchandise placement and customer experience strategies based on real-time data and feedback.
- **JoHeart Magazine:** Conducted B2B sales outreach, supported campaigns through market research, and optimized outreach by identifying target audiences and contributing to test-and-learn initiatives.

Certifications

- Lean Foundation – LinkedIn Learning | Nov 2023
- Agile Development in the New World of Work – LinkedIn Learning | Oct 2023
- Investment Funds Certificate – Canadian Securities Institute | Mar 2019
