## EDUCATION

---

### Bachelor of Science: Computer Science, Cognitive Science

Rutgers, The State University of New Jersey - New Brunswick, NJ

Cumulative GPA: 3.426

Member of National Honors Society

Member of Rutgers IEEE: ML/AI Division and Rutgers Cognitive Science Club

**Relevant Coursework:** Data Structures, Computer Architecture, Calculus 1-3, Linear Algebra, Discrete Structures 1-2, Minds, Machines, and Computations, Design & Analysis of Algorithms, Software Methodology, Principles of Programming Languages, Intro to Artificial Intelligence, Statistics 2, Data 101.

## PROJECTS

---

### AI Maze Solver - (Spring 2021)

- Created a maze generator and solver that used intelligent pathfinding algorithms (such as A\*) to traverse a changing maze in Python on a team. Using proper heuristics, the solver was able to recalculate new paths in real time and find a path to the destination.

### Order Transaction Manager - (Fall 2020)

- Developed an Android App that tracked and printed order information using the MVC design pattern on a team. Users were able to customize and save their orders on their mobile device while the total price and ingredients for each item were displayed.

### Digital Logic Design - (Spring 2020)

- Calculated and produced truth tables for various circuits. Given a circuit configuration, the truth table was outputted using bitwise operations in C while allocating and freeing memory as needed.

## EXPERIENCE

---

### Specialty Lighting Industries

Ocean, NJ

#### Database Management Intern

July 2019 - August 2019

- Verified accuracy and validity of data entered in databases.
- Evaluated source documents to locate information needed for each data entry field.
- Corrected any data entry error to prevent later issues such as duplication or data degradation.
- Identified and reported issues with data entry to prevent further damage and create solutions for existing problems.

## SKILLS

---

**Programming Languages:** Java, Python, C/C++, HTML, CSS, JavaScript, SQL, Visual Basic, Prolog, Haskell, R.

**Software:** Android Studio, MATLAB, R Studio, Microsoft Office Suite.

**Spoken Languages:** English (Native), Gujarati (Basic), Spanish (Basic)
