

Kristin Pfeifer

Mortgage Professional - Oldsmar, FL
856-535-8195 | kris.a.pfeifer@gmail.com

PROFESSIONAL SUMMARY

Sales operations and business-enablement professional with 20+ years of experience partnering with sales leaders, operations, legal, and technology teams to drive execution, compliance, and customer outcomes. Proven ability to optimize complex, regulated business processes; support revenue-generating teams; and translate business requirements into scalable systems, workflows, and reporting. Known for cross-functional leadership, operational rigor, and stakeholder trust in fast-paced, deadline-driven environments.

EXPERIENCE

Stockton Mortgage Corp, Remote

May 2024 - October 2025

Client Experience Coordinator

- Served as a **primary business partner** to sales teams, acting as the operational extension of revenue owners to ensure deal progression, accuracy, and on-time execution.
- Managed end-to-end transaction pipelines, tracking milestones, risks, dependencies, and required approvals across multiple stakeholders.
- Partnered with sales leadership to resolve blockers, prioritize high-value opportunities, and improve cycle time from intake to close.
- Built and maintained standard operating procedures to ensure consistent execution, transparency, and scalability across teams.
- Delivered high-touch customer and partner communication, reinforcing trust and professionalism throughout the sales lifecycle.

OneMain Financial, Remote

August 2023 - November 2023

Forms Analyst

- Partnered with Sales, Legal, Operations, and IT to support customer-facing documentation impacting revenue, risk, and regulatory compliance.
- Led intake, prioritization, and execution of cross-functional requests, balancing speed, accuracy, and business impact.
- Designed, tested, and deployed standardized assets to improve usability, reduce friction in sales workflows, and enable field teams.
- Created documentation, training, and governance processes to support adoption & audit readiness.

TSP Consulting, Inc, Remote

May 2022 - April 2023

Senior Encompass Administrator

- Acted as business partner to executive leadership, translating operational and sales requirements into scalable system solutions.
- Designed workflows, automation, and reporting to support revenue execution, operational visibility, and risk mitigation.
- Supported go-to-market initiatives by ensuring systems aligned with sales strategy, customer experience, and compliance needs.
- Led enablement efforts including training, documentation, and best-practice rollout for field and operational users.

EMM Loans, LLC, Remote

January 2015 - April 2022

Business Analyst

- Partnered closely with sales, compliance, and operations leadership to ensure accurate, timely execution of revenue-critical transactions.
- Owned business requirements, workflow optimization, and system enhancements impacting deal velocity and customer satisfaction.
- Delivered executive-level visibility into pipeline health, risks, and operational bottlenecks.
- Led teams, training, and process improvements that reduced errors, improved cycle times, and strengthened governance.
- Worked with IT and system administrators to implement automation and workflow improvements that increased speed, accuracy, and scalability.

Disclosure Manager

- Led end-to-end delivery of customer-facing documentation to ensure compliance with TRID, RESPA, and other federal and state regulations.
- Managed and developed teams, establishing standards, best practices, and quality controls to support consistent execution at scale.
- Collaborated with Sales, Compliance, Underwriting, and Operations to resolve execution issues, manage risk, and maintain delivery timelines.
- Monitored operational pipelines to identify inefficiencies and drive continuous improvement initiatives.

Disclosure Specialist/Closer

- Executed high-volume, time-sensitive transactions with a focus on accuracy, compliance, and customer experience.
- Coordinated across Sales, Operations, and external partners to resolve discrepancies and support on-time deal closure.
- Maintained detailed documentation and audit readiness in a highly regulated environment.
- Supported system and workflow enhancements that improved operational efficiency and execution quality.
