

Gabriela Ramirez

Hialeah, Florida | (786) 797-4768 | grami079@fiu.edu
<https://www.LinkedIn.com/in/gabriela-r-a52790249/>

Education

Florida International University, Knight Foundation School of Computing & Information Sciences *Miami, Florida*
Bachelor of Science in Computer Science *August 2024*

Technical Skills & Certifications

- **Programming Languages & Visualization:** C/C++, Java, Python, SQL, Excel (Pivot Table and Vlookup), Tableau

Projects

AmLight ExP, OpenFlow/SDN Networking *May 2023*

- Assisted in implementing OpenFlow to facilitate high-latency data transfers across multiple network domains.
- Maintained Python 3 framework to enable user-created network applications and PDN paradigms.
- Updated current system by increasing visibility in multiple domains and automating network operations.

MITRE Corporation, Deploying Machine Learning on Edge Devices *November 2022*

- Customized applications to make critical predictions, automate decisions, and calculate optimization algorithms.
- Followed product specifications to determine and implement operational sequences using TensorFlow Lite.
- Successfully prototyped and validated machine learning applications to quickly determine application viability.

Work Experience

Gonzalez & Sons Equipment, Inc.

Hialeah, Florida

Filing Clerk

January 2019 – March 2020

- Digitalized over 1,000 paper documents into a digital filing system using SharePoint, reducing time spent retrieving files.
- Identified gaps in file-naming conventions, leading to a decrease in misfiled or replicate documents.
- Prioritized urgent filing requests to ensure all documents were processed before the specified deadline.
