

Ritu Kumari

Business Analyst

San Diego, CA | +1 (858)-305-0615 | ritu.k@itjobmail.com

SUMMARY

- Business Analyst with 4+ years of experience in translating business objectives into technical solutions, driving efficiency and innovation across organizations.
- Skilled in managing the full Software Development Life Cycle (SDLC) and applying various methodologies, including Waterfall and Agile/Scrum, to deliver successful projects. Expertise in creating comprehensive documentation such as Business Requirements Documents (BRDs), Functional Requirements Documents (FRDs), and Use Case Specifications to ensure clear communication and alignment across teams.
- Proficient in developing As-Is and To-Be process models, conducting Gap Analysis, and performing risk assessments using SWOT, Value Stream Mapping, Feasibility, and Impact Analysis to optimize business processes.
- Experienced in leveraging data analysis and visualization tools like Tableau, Power BI, and Excel to generate actionable insights, enabling informed business decisions. Skilled in leading Joint Application Development (JAD) sessions and collaborating with Subject Matter Experts (SMEs) to gather functional requirements that align with business goals.
- Familiar with a wide range of business analysis tools, including Jira, Confluence, Microsoft Visio, and SQL, enabling efficient data querying and analysis to drive project success.

SKILLS

SDLC Knowledge: Agile (Scrum), Waterfall, Kanban

Technical Skills: SQL, Python, Tableau, Power BI, MS Excel, MS Access, MS Visio

Requirements Gathering: Joint Application Development (JAD) sessions, interviews, surveys, document analysis

Documentation: Business Requirements Document (BRD), Functional Requirements Document (FRD), Data Mapping, Use Cases

Process Modeling: As-Is and To-Be Process Models, Value Stream Mapping, BPMN, UML Diagrams

Stakeholder Management: Stakeholder Analysis, Negotiation, Workshop Facilitation, Meeting Facilitation

Financial Analysis: Cost-Benefit Analysis, SWOT Analysis, Feasibility Analysis, Risk Analysis, ROI Calculation

Database Management: MySQL, SQL Server, Oracle, MongoDB (for NoSQL)

Tools for Documentation: MS Word, MS PowerPoint, SharePoint, Confluence, Jira, MS Project

Tracking/Software/Other Skills: Rational ClearQuest, RTM, UAT, Lucid chart, ETL Process, ELT Process, ERP Systems, Test Outlines & Test Cases, Use Case Mapping, Business Requirements, Confluence, Smartsheet, Google Analytics, Business Analysis, Business Intelligence, Data Analytics, Salesforce

Soft Skills: Time management, Leadership and Management, Project Management, Product Management, Problem-solving, Negotiation, Decision-Making, Documentation and Presentation, CRM, Verbal Communication, Analytical Skills, Critical Thinking, Collaboration

WORK EXPERIENCE

Intuit, USA | Business Analyst

Feb 2024 - Current

- Actively contributed to sprint planning, daily stand-ups, and retrospectives, ensuring seamless Agile project execution and continuous improvement throughout the development lifecycle.
- Created tailored software solutions with SharePoint and VBA scripting to optimize business processes.
- Developed and maintained dynamic dashboards and reports in Tableau, providing stakeholders with real-time insights into key performance indicators (KPIs) and business metrics for informed decision-making.
- Conducted thorough gap analysis to identify discrepancies between current processes and desired outcomes, proposing actionable solutions to bridge these gaps and improve efficiency.
- Led functional testing, identified defects, and worked with development teams via Jira to report issues and suggest improvements.
- Managed client's contact management including monitoring and recording interactions and communications through CRM.

Veritas Software, India | Business Analyst

Jan 2019 - July 2022

- Utilized Waterfall methodologies to effectively assist with the planning and implementation of business and software development plans.
- Developed comprehensive Business Requirements Documents (BRDs) and Functional Requirements Documents (FRDs), ensuring clear.
- Conducted business requirements elicitation, process modeling, risk analysis, SWOT analysis, and developed functional specifications.
- Created and maintained required documentation for projects including business requirements, design documents, and executive presentations.
- Integrated data collection processes with MS Excel and Power BI, amplifying data accuracy and collection efficiency by 20%.
- Employed HP Quality Center to devise a dynamic Requirement Traceability Matrix (RTM), securing a 98% requirement fulfillment rate.
- Interrogated Rosetta database to ensure website transactions correctly existed and confirmed the same interfaced into Maidenform ERP.
- Worked autonomously, exhibited excellent communication skills, and demonstrated strong problem-solving abilities.
- Gathered detailed business requirements from stakeholders and documented insights clearly using Microsoft Visio and Confluence.
- Created and maintained clear and detailed documentation, including requirements management plans, Functional and Supplemental Requirements, Test Plans, and Test Cases, ensuring thorough understanding and alignment across teams.

EDUCATION

Master in Management Information Systems (MIS) | San Diego State University, San Diego, CA

Master in Business Administration | Vishwa Vishwani Institute of Systems and Management, India

Bachelor of Commerce | Kasturba Gandhi Degree and PG College, India
