EDUCATION

University of Central Missouri
Master of Science in Computer Science

Aug 2023 – May 2025
Lee's Summit, Missouri

Sreyas Institute of Engineering and Technology
Bachelor of Technology in Computer Science Engineering

Aug 2019 – May 2023
Nagole, Hyderabad, India

EXPERIENCE

Data Analyst
Mommy's Heart, Inc.

June 2025 – Current

- Analyzed 200+ beneficiary data in Excel to support grant writing, donor reporting, and outreach initiatives
- Created dashboards to track program outcomes and partner engagement metrics
- Implemented data validation processes, reducing reporting errors by 30%

Data Analyst
Falcon Peak Development Inc.

Aug 2025 – Sept 2025

- Built automated Excel dashboards with PivotTables and advanced formulas to track 10+ KPIs and revenue streams
- Analyzed financial and operational data to support executive strategic planning and investment decisions
- Delivered on-demand analysis and actionable insights to C-suite executives within tight deadlines

Program Analyst
R Techno Solutions

May 2022 – May 2023
Hyderabad, India

- Tracked and analyzed 100+ student-led builder projects, monitoring milestones and success outcomes
- Developed collaborative dashboards to visualize engagement metrics and program performance
- Analyzed student feedback to identify improvement areas and enhance support processes

PROJECTS

Car Sales Analysis Dashboard | *Excel, IBM Cognos Analytics, Data Wrangling*

- Built interactive dashboards analyzing 78M+ profit and 58K+ sales across multiple dealerships and car models
- Implemented drill-down capabilities for monthly/quarterly trends and performed sentiment analysis on service recalls
- Created automated reporting system with dynamic visualizations for stakeholder presentations

Stack Overflow Developer Survey Analysis | *Python, Pandas, IBM Cognos, Web Scraping*

- Analyzed 88,000+ developer responses using Python to identify emerging technology trends and adoption patterns
- Performed data cleaning and transformation to handle missing values and inconsistent data formats
- Built interactive dashboards highlighting top programming languages, databases, and framework preferences by region

Streaming Platform Rating Analysis | *Python, Pandas, Seaborn, Matplotlib*

- Merged and analyzed multiple datasets comparing rating distributions across IMDb, Rotten Tomatoes, and Fandango
- Identified systematic rating biases and viewer preference patterns using statistical analysis and visualization
- Generated comprehensive reports with correlation matrices and distribution plots to showcase platform inconsistencies

TECHNICAL SKILLS

Languages: Python, SQL

Excel: PivotTables, VLOOKUP/XLOOKUP, Conditional Formatting, Charts/Dashboards, Data Cleaning

Tools: Tableau, IBM Cognos Analytics, MS Office Suite, VS Code, PyCharm

Cloud/Database: AWS (EC2, S3), MySQL
