Professional Experience

Business Analyst, Cognizant

05/2023 – Present | Remote, USA

- Apply sophisticated statistical techniques and algorithms for in-depth Market Basket Analysis, extracting actionable insights from customer transactional data.
- Utilize Python, R, and SQL to gather, preprocess, and model data, ensuring its quality and integrity. Collaborate with the IT team to optimize data pipelines.
- Develop and maintain interactive dashboards and reports using tools like Tableau or Power BI to effectively communicate findings to both technical and non-technical stakeholders.
- Employ advanced statistical methodologies within the Market Basket Analysis framework, integrating prompt engineering principles to enhance the precision and relevance of extracted insights.
- Work with multiple projects simultaneously, ensuring timely delivery and aligning Market Basket Analysis outcomes with business objectives. Coordinate cross-functional teams to streamline processes.
- Collaborate with product managers and marketing teams to provide actionable insights, supporting strategic decision-making. Stay abreast of industry trends, recommending technical enhancements to drive efficiency.

Business Analyst, Genpact

07/2020 – 07/2022 | Bangalore, India

- Utilized Excel, SQL, and Python to conduct sophisticated data analysis, extracting meaningful insights to drive strategic decision-making.
- Leveraged Tableau for creating visually impactful sales reports, ensuring key stakeholders were equipped with actionable information.
- Collaborated cross-functionally to develop precise sales forecasts, utilized advanced forecasting models, and contributed to demand planning initiatives.
- Harnessed the power of Salesforce for extracting and analyzing data, ensuring the accuracy and relevance of key performance metrics.
- Employed both qualitative and quantitative methodologies to stay ahead of industry trends, contributing to informed strategic decisions.
- Collaborated with senior management, translated data findings into actionable recommendations to enhance overall sales strategies.

Education

Master of Science, University of New Haven
Business Analytics

08/2022 – 12/2023 | Connecticut, USA

Bachelor of Technology, GITAM
Computer Science Engineering

07/2016 – 08/2020 | Bangalore, India
