

VYSHNOVI MIRYALA

vyshnovimiryala11@gmail.com | 320-496-6622 | www.linkedin.com/in/vyshnovi-miryala

Cloud and Database specialist with 3+ years of experience in AWS, Azure and SQL, specializing in optimizing cloud infrastructure, data pipelines and database management for improved performance and security.

TECHNICAL SKILLS

- **Cloud Platforms & API Development:** Azure, AWS, GCP, GraphQL, OpenAPI, Postman
- **Programming & Scripting:** Python, SQL, Go, Java, JavaScript, C++, Bash, PowerShell
- **DevOps:** Docker, Kubernetes, Jenkins, Gitlab, Terraform, Ansible
- **Database Management:** Microsoft SQL Server, SSRS, SPSS, PostgreSQL, MongoDB, Redis, Kafka, Hadoop
- **ETL & Reporting:** AWS(Glue), Alteryx, PowerBI, Tableau

PROFESSIONAL EXPERIENCE

Cloud Engineer | S4 Cloud LLC

Jul 2024 – Present

- Engineered the design and implementation of multi-cloud architecture in AWS, reducing latency by 35% across global locations
- Developed and maintained technical documentation, including SOPs, IT policies to streamline operations and improve service quality by 15%.
- Streamlined ticket escalation with automated python scripts, reducing manual efforts by 15 hours per week.
- Resolved over 200 cloud infrastructure issues, boosting system reliability and customer satisfaction by 25%.
- Designed 15+ API endpoints using AWS Lambda and Amazon API Gateway, enhancing data access speed by 40%
- Implemented Kubernetes clusters on AWS, enhancing efficiency by 30% and minimizing downtime by 25%.
- Orchestrated the development of CI/CD pipelines using Jenkins, improving deployment accuracy and reducing errors by 20%.
- Trained team members and end-users in new tools and technologies, boosting overall technical proficiency
- Pioneered the Hardened AWS infrastructure with CIS Benchmarks using AWS CloudFormation, automating security controls and ensuring compliance.

Database Administrator | Concentrix

Jan 2021 – Aug 2022

- Managed and maintained multiple SQL databases across servers, achieving 99.9% uptime.
- Improved SQL queries for performance analysis and health monitoring, reducing downtime by 20%.
- Optimized Active Directory Management, ensuring 99% availability and cutting account lockouts by 40%.
- Collaborated on a cloud migration project that moved key databases to azure, reducing the annual costs by 15%.
- Partnered with cross-functional teams to migrate to a cloud-based infrastructure, integrating Azure SQL Database services and achieving a 40% reduction in maintenance costs.
- Enforced and assessed database policies for security, performance, compliance, data integrity and high availability.
- Enhanced data warehousing with advanced ETL processes in Azure Data Factory, Improving operational efficiency by 50%

- Designed Interactive dashboards with advanced reporting features to visualize analytics, using PowerBI.
- Developed a scalable data pipeline to ingest and store 250 GB of bi-weekly data using Redis, Kafka and Python
- Contributed to creating SQL-based database archives, streamlining historical data retrieval for the analysis team.
- Analyzed customer surveys with SPSS, identifying improvements that raised customer satisfaction by 10%.

EDUCATION

University of North Texas	Denton, Texas
Master of Science, Advanced Data Analytics	GPA - 4.0
Malla Reddy Institute of Technology	Telangana, India
Bachelor of Technology, Computer Science	GPA – 3.5

PROJECTS

AWS Scalable VPN Architecture	Dec 2024
• Deployed an OpenVPN server on a Linux EC2 instance, establishing secure remote access VPN for private network communication. • Configured an AWS VPC with private subnets, enforcing access control policies using security groups and NACLs. • Implemented a WireGuard-based VPN on an EC2 instance, providing a fast and secure VPN tunnel between AWS and the Linux EC2 instance. • Monitored VPN performance using CloudWatch and VPC flow logs, ensuring optimal connectivity and security.	

CERTIFICATES

1. AZ 900 - Microsoft Certified: Azure Fundamentals	Jun 2024
2. AWS Certified Solutions Architect Associate	Sep 2023
3. Salesforce Tableau Certified Data Analyst	Feb 2023
