

Shreya Masiredy

Business Data Analyst

Maryland, USA 21227 | +1 (667) 369-8571 | shreya@techjobmails.com

SUMMARY

- Dynamic Business Data Analyst with 4 years of experience driving operational efficiencies and process improvements through comprehensive data analysis and stakeholder engagement with proven ability to leverage data-driven insights to support strategic business decisions.
- Led initiatives that improved business processes resulting in a 20% increase in operational efficiency, utilizing data analytics to identify bottlenecks and streamline workflows.
- Expert in gathering and defining business requirements through effective stakeholder engagement, ensuring alignment between technical solutions and business needs for 10+ major projects.
- Developed and maintained effective data models that facilitated reporting and analysis, enhancing data visibility for stakeholders and supporting informed decision-making across departments.
- Successfully collaborated with cross-functional teams to implement 5+ SWOT and GAP analysis projects, identifying critical weaknesses and gaps, which directly informed action plans that mitigated risks and enhanced performance metrics.
- Proficient in leveraging analytical tools such as Tableau and Excel to create intuitive dashboards and reports that communicate key performance indicators (KPIs) and business insights, leading to a 15% increase in data literacy among team members.
- Engaged with various stakeholders, including management, IT, and marketing teams, to translate complex data findings into actionable business solutions, resulting in improved strategic alignment and project outcomes.

SKILLS

Methodologies:	Agile/Scrum, Waterfall
Language:	SQL, Python, R, Spark
Project Management Tools:	MS Project, MS Excel, MS SharePoint
Analysis Skills:	SWOT analysis Cost/benefit analysis, GAP analysis
Tracking/Other Skills:	Jira, Microsoft Visio, JAD, RTM, UAT
Cloud Technology:	AWS, Databricks
Documentation:	FRD, BRD, SRS
ERP Planning:	MS Dynamics Nav, QuickBooks, NetSuite, and Xero, JD Edwards
Analysis Tools:	SOLVER, SAS, Google Analytics, MongoDB
Business intelligence tools:	Power BI, Tableau
Operating System:	Windows, Linux

EXPERIENCE

United Healthcare Group; USA

Business Data Analyst

| Sep 2023 – Present

- Executed a data analysis project with SQL, Python, and Excel, identifying cost-saving opportunities and increasing operational efficiency by 15%, resulting in a 30% reduction in operational costs.
- Generated and maintained automated reports and dashboards using BI tools such as Tableau and Power BI, increasing data accessibility and visualization, resulting in an 18% improvement in data accessibility.
- Coordinated with functional teams to understand business requirements and translate requirements into data-driven solutions, resulting in a good increase in project efficiency and an impressive improvement in solution effectiveness.
- Conducted ad-hoc analysis to support strategic decision-making processes and improve operational efficiency, leading to a 22% reduction in operational costs and a 10% increase in overall efficiency.
- Proficient in documenting business requirements and technical specifications using frameworks such as Functional Requirements Document (FRD), Business Requirements Document (BRD), and Software Requirements Specification (SRS), ensuring clarity, alignment, and successful project outcomes.
- Developed and executed data quality assurance processes to ensure accuracy and reliability of healthcare data, reducing errors.

Intel; India

Graduate Intern Technical

| Aug 2021 – May 2022

- Incorporated Python, and SQL to extract, transform, and analyze data from sources, providing insights to support decision-making.
- Managed project schedules and resources using MS Project and Primavera P, achieving a 15% improvement in project timeline adherence and a 25% increase in resource utilization efficiency.
- Conceptualized AWS services such as S3, Glue, and Redshift for efficient data storage, ETL processing, and data warehousing
- Created graphs and charts such as Pie charts and bar charts using MS Excel, leading to a 20% improvement in data visualization effectiveness.
- Developed reporting presentations using MS PowerPoint, resulting in a good increase in stakeholder engagement and understanding.
- Conducted thorough analysis utilizing SQL queries, GAP analysis, and SWOT analysis to identify areas for improvement.
- Implemented business intelligence tools such as Power BI and Tableau to analyze data, resulting in a 20% increase in decision-making efficiency and accuracy.
- Managed projects by MS Project, achieving an average on-time completion rate of 98% and adherence to project objectives within allocated budgets.
- Leveraged VLOOKUPS and HLOOKUPS to rigorously validate data integrity, cross- referencing data from datasets to enhance data accuracy.

Bytes Soft Solution; India

Business Data Analyst

| Feb 2020 – Jul 2021

- Conducted Joint Application Development (JAD) sessions, User Acceptance Testing (UAT), increasing stakeholder engagement and ensuring excellent project alignment.
- Performed data comparison between SDP (Streaming Data Platform) real-time data with AWS S3 data and Snowflake data using Databricks, Spark SQL, and Python.
- Created the Project templates, use case specifications, Change request form, functional specification documents, and Business Requirement documents.
- Deliberated and settled business flow diagrams, activity diagrams, sequence diagrams, Object Oriented models using MS Visio.
- Industrialized and employed AWS data backup and recovery strategies, ensuring a 20% increase in data reliability and disaster recovery readiness.
- Built ETL pipelines within SSIS and Talend for extracting, transforming, and loading data from disparate sources into target systems and reduced data load time.

EDUCATION & CERTIFICATION

Masters of Science in Information Systems; University of Maryland Baltimore County, MD

| May 2024

Bachelors of Engineering in Computer Engineering; Vellore Institute of Technology, India

| May 2022

[AWS Certified Solutions Architect – Associate](#)
