EDUCATION

Lamar university, *Master of science in Engineering Management*
GPA- 3.8/4.0

Aug 2022 – Dec 2023 | Beaumont, united states

Ace Engineering college,
Bachelors of engineering in mechanical Engineering
GPA- 7.1 / 10

Jul 2016 – Sep 2020 | Hyderabad, India

PROFESSIONAL EXPERIENCE

Valiant Commodities LLC, *Supply Chain Engineer*

Feb 2024 – present | Houston, Texas

- Execute efficient goods distribution solutions using the DMAIC methodology for cost and time optimization.
- Enhance overall operational efficiency by implementing continuous improvement initiatives based on data-driven insights.
- Prepare, maintain, and review purchase order reports and price lists.
- Assist the logistics team in daily operations, including tracking and scheduling shipments, communication updates, and carrier management.
- Led activities to improve communication channels between departments, and facilitated easier collaboration & information flow.
- Assist in developing Supply Chain Management (SCM) opportunities, resulting in more sales.
- Manage purchase orders and invoices using invoice automation tools, resulting in a decrease in processing errors by 20%.
- Analyze supplier performance data using Excel, identifying 3 underperforming suppliers and negotiating new contracts resulting in annual savings.
- Conduct root cause analysis on late customer shipments, implementing process improvements that reduce late deliveries by 30%.
- Develop strong relationships with vendors and suppliers, negotiating favorable terms and ensuring the timely delivery of high-quality parts and materials for heavy machinery.

RAAM 4 Wheelers LLP,

Sep 2020 – May 2022 | Hyderabad, India

RELATIONSHIP MANAGER (MORRIS GARAGES)

- Proficient in stock transfer and receiving processes, ensuring accurate tracking and management of inventory levels.
- Experienced in raising purchase requisitions and ensuring the timely delivery of products, focusing on maintaining optimal inventory levels.
- Skilled in creating accurate and detailed invoices, ensuring all inventory transactions are properly documented for financial and inventory tracking purposes.
- Monitored stock and performed regular audits to identify discrepancies and implement corrective measures to maintain accurate inventory counts.
- Provided detailed sales reports to management, offering insights into stock levels, sales trends, and inventory turnover to inform purchasing and restocking decisions.
- Analysed sales data to forecast inventory needs, aiding in the development of data-driven purchasing strategies.
- Demonstrated expertise in managing customer interactions, addressing inquiries, and ensuring customer satisfaction related to inventory availability and delivery schedules.
- Coordinated with sales teams to align inventory levels
- Expert in Database Monitoring Systems (DBM), ensuring the accuracy and integrity of inventory data and facilitating efficient inventory tracking and reporting.

INTERN

Hyderabad, India

Bharat Heavy Electronic Limited

- Acquired Knowledge of Manufacturing of Steam Turbine
- Studied and analyzed turbine energy.

SKILLS

SAP Management, Supply Chain Management, Quality Control, Inventory Management, Customer Service Management, Project Planning, Shop Floor Management

PROJECTS

FABRICATION & ANALYSIS OF "ABRASIVE JET MACHINE"

Location: ACE Engineering College, Hyderabad.

- Developed a prototype abrasive jet machine to enhance precision machining for hard materials.
- Led the design phase using CAD software to create detailed schematics.
- Managed the selection of materials and components for optimal performance, adhering to safety and budgetary constraints.
- Utilized advanced machining techniques and tools for the fabrication process
- Worked collaboratively with a multidisciplinary team, enhancing teamwork and communication skills.
- Gained hands-on experience in mechanical fabrication, project management, and process optimization.
