

SRIYA TAMARAPALLI

Fairfax, VA | +1-571-259-4838 | stamara@gmu.edu | [LinkedIn](#)

SUMMARY

Detail-oriented Data Analyst with nearly 2 years of internship experience working with structured datasets using SQL, Python, and Excel. Experienced in data cleaning, validation, exploratory analysis, and dashboard development using Power BI and Tableau. Strong foundation in statistical concepts and data visualization principles with a focus on accuracy, documentation, and continuous learning. Experienced working with India based teams and business datasets across different time zones.

EXPERIENCE

George Mason University | Data Analysis Intern | VA, USA

Jun 2025 - Present

- Performed SQL-based analysis on 10,000+ structured records to support operational reporting and performance tracking.
- Conducted data validation and quality checks across ingestion, transformation, and reporting stages to ensure accuracy and consistency.
- Developed and maintained Power BI dashboards and KPI scorecards for recurring weekly and monthly reporting.
- Identified trends, variances, and patterns through exploratory and drill-down analysis.
- Prepared structured analytical summaries to communicate findings to cross functional teams.
- Assisted in documenting reporting processes and maintaining data integrity standards.

George Mason University | Data Cleaning & Analysis Intern | VA, USA

Oct 2024 - May 2025

- Cleaned, standardized, and prepared large structured datasets using SQL and Python for reporting and dashboard development.
- Consolidated multi-source datasets into analysis-ready formats supporting KPI tracking and performance monitoring.
- Improved data accuracy by ~85% through structured validation and reconciliation processes.
- Designed Excel-based trackers and reporting templates to streamline recurring analysis tasks.
- Identified inconsistencies in datasets and recommended process improvements to strengthen reporting reliability.
- Documented data preparation workflows to ensure consistency and repeatability.

Cognida.ai | Data Analysis Intern | India

May 2024 - Aug 2024

- Analyzed operational datasets using Python and SQL to support structured reporting and exploratory data analysis.
- Implemented validation checks to improve reporting accuracy and reduce discrepancies.
- Generated structured reports and analytical insights to support India-focused business operations and leadership teams.

Attestr | Data Analysis Intern | India

Oct 2022 - Jan 2023

- Analyzed 25,000+ records using SQL and Python to identify trends and performance indicators.
- Supported recurring reporting by preparing structured data extracts and summary metrics.
- Conducted comparative analysis to highlight performance shifts across datasets.
- Presented findings in clear formats to both technical and non-technical audiences.

SKILLS

- Programming & Querying:**
SQL (joins, aggregations, complex queries), Python (pandas, NumPy), MySQL, PostgreSQL
- Data Analysis & Reporting:**
Microsoft Excel (Pivot Tables, VLOOKUP/XLOOKUP, formulas, basic modeling), Power BI, Tableau, KPI dashboards
- Data Management & Quality:**
Data cleaning, Data validation, Data transformation, Reconciliation, Data integrity monitoring
- Analytical Skills:**
Exploratory data analysis, Trend analysis, Comparative analysis, Basic statistical concepts
- Professional Skills:**
Documentation, Requirements gathering, Cross functional collaboration, Presentation and communication
- Bilingual:** Hindi, English

PROJECT WORK (MASTERS)

Global Threat Analysis

Jan 2025 - May 2025

- Analyzed multi-year datasets (2018-2024) using SQL and Python to clean, organize, and prepare performance-based reporting outputs.
- Conducted trend and comparative analysis to identify performance variations and key data patterns across reporting periods.
- Developed structured visual reports and dashboards to communicate findings clearly to project sponsors and faculty reviewers.
- Prepared presentation-ready summaries highlighting key metrics, data gaps, and analytical insights.

EDUCATION

George Mason University | Master's in Data Analytics Engineering | GPA: 3.87/4.0

Aug 2023 - May 2025

Vidya Jyothi Institute of Technology | Bachelor's degree in Mechanical Engineering | GPA: 3.66/4.0

Jun 2019 - May 2023

CERTIFICATIONS & RECOGNITION

Certifications: Neo4j Certified Professional, Snowflake Hands-On Essentials - Data Warehousing Workshop, Databricks Fundamentals

Supervisor Awarded Badges (Schar School – George Mason University): Critical Thinking, Leadership, Professionalism, Technology
