**Objective** Customer Support and Inside Sales professional with proven experience in client engagement, requirement analysis, and issue resolution. Seeking an entry-level IT Business Analyst position to leverage my postgraduate training in IT Business Analysis, data interpretation, and business process optimization.

**Education** Conestoga College,  
Post-Graduate Diploma, Information Technology Business  
2022 – 2023

Amritsar College of Engg. & Tech, Amritsar  
Bachelor of Technology, Computer Science  
2015 - 2019

**Key Skills**

|                                        |                   |
|----------------------------------------|-------------------|
| Estimating                             | Order Management  |
| Inventory Management                   | Purchase Orders   |
| Customer Relationship Management (CRM) | Quality Assurance |
| Sales and logistics co-ordination      | Office 365        |
| Technical Communication                | Trouble Shooting  |
| Supply Chain Management                |                   |

**Experience** Detail-oriented Customer Service and Inside Sales Representative with 3+ years of experience in the folding carton packaging industry. I specialize in managing B2B client accounts, preparing custom quotes, processing detailed production orders, and coordinating across departments to ensure seamless customer satisfaction.

Skilled in order entry, inventory tracking, change order management, and production coordination. Passionate about building strong client relationships, solving problems quickly, and delivering packaging solutions that exceed expectations.
