Centene Corporation | Remote | USA

March 2023 - Present

Business Analyst

Project: Patient Satisfaction Analysis and Improvement Initiative

- Conducted 50+ stakeholder interviews with clinicians and patient representatives, gathering comprehensive requirements and translating them into detailed BRD and FRD documents, reducing project scope changes by 20%.
- Utilized Snowflake to process and clean over 1 million patient records, ensuring data quality and HIPAA compliance, resulting in a 30% improvement in data accuracy for analysis.
- Developed 10+ interactive dashboards in Domo, tracking 15 key performance indicators (KPIs) related to patient satisfaction, leading to a 12% improvement in patient satisfaction scores within six months.
- Conducted in-depth analysis using SQL and Excel, analyzing over 500,000 data points to identify trends and patterns, supporting strategic decisions that reduced patient wait times by 15%.
- Facilitated weekly cross-functional meetings and delivered 25+ project updates, ensuring alignment and effective communication among 20+ stakeholders, enhancing collaboration and reducing project delays by 10%.
- Led 5 UAT sessions with 30 stakeholders, collecting and incorporating feedback that improved dashboard functionality and user experience, achieving a 95% user satisfaction rate upon project completion.
- Monitored Domo dashboard usage and gathered continuous feedback, leading to three significant iterations that enhanced the tool's efficiency, contributing to a 25% increase in operational efficiency and a 20% decrease in response times to patient inquiries.

CGS INC | Hyderabad | INDIA

Feb 2021 – Dec 2021

Jr Business Analyst

Responsibilities:

- Participated in requirements gathering workshops for new CRM features, translating user needs into technical specifications.
- Maintained data integrity within Salesforce, ensuring accurate and up-to-date lead information to support sales operations.
- Extracted and manipulated sales data in Excel, creating pivot tables to analyze lead sources, conversion metrics, and sales cycle trends.
- Designed a Tableau dashboard prototype to visually communicate key sales KPIs, promoting data-driven decision-making.
- Collaborated effectively using Jira and Confluence, documenting processes, tracking tasks, and contributing to team knowledge sharing.
