

EDUCATION

Southern New Hampshire University

Bachelor of Science in Data Analytics

Manchester, NH (Remote)

Expected Apr 2026

SKILLS SUMMARY

- Languages:

Python, SQL/MySQL, R, VBA, Apps Script, DAX
- Libraries/Tools:

Pandas, NumPy, scikit-learn, Jupyter, RStudio, Power BI, Tableau, Excel, Google Workspace
- Methods:

ETL, Logistic & linear regression, Random-forest trees, Descriptive stats, hypothesis testing
- Soft Skills:

Client presentation, Requirements gathering, Process improvement, Time management

WORK EXPERIENCE

- DIRECTOR OF FINANCE AND OPERATIONS | CUSTOM FURNITURE & DESIGN

Mar 2025 - current

○ Built and maintained ETL pipelines in Google Sheets and Power Query to extract, transform, and load financial and operational data from multiple sources.

○ Developed automated KPI dashboards tracking AP, AR, cash flow, and job performance, reducing manual reporting by ~30 hours per month and enabling same-day executive insights.

○ Designed structured reporting tables and standardized fields to support consistent financial analysis and forecasting.

○ Implemented data validation and reconciliation checks to ensure accuracy and data integrity across financial reports.

○ Automated payroll and subcontractor reporting using Apps Script, flagging discrepancies and improving operational efficiency.

○ Partnered with ownership to prioritize analytics initiatives and translate findings into actionable business decisions.
- DATA ANALYST | WINES & SPIRITS AT ROXBURY STATION

May 2025 - current

○ Led end-to-end gap analysis of legacy POS reporting: uncovered data-integrity flaw, scoped \$4.5k system overhaul projected to save ~ \$11.5k annually.

○ Cleaned and structured a large inventory dataset with Excel VBA & Power Query for accurate financial analysis and vendor negotiations.

○ Present findings and cost-benefit models to ownership, guiding procurement and migration decisions.
- PART-TIME BOOKKEEPER | CANDLEWOOD VALLEY BUILDING

Sept 2025 - Dec 2025

○ Maintained day-to-day bookkeeping, including data entry, account categorization, and reconciliations.

○ Processed invoices, payments, and expense records to keep accounts current and accurate.

○ Supported basic reporting needs by preparing transaction summaries and account updates.
- ADMINISTRATIVE ASSISTANT | METRUM RESEARCH GROUP

Oct 2023 - January 2025

○ Developed automated dashboards in Google Sheets to streamline data tracking for biomedical projects.

○ Digitized 20+ years of records in < 3 weeks, sharply improving data accessibility for auditors and researchers.

○ Supported IT team with device provisioning and YubiKey programming.
- EMERGENCY TELECOMMUNICATOR | LITCHFIELD COUNTY DISPATCH

Dec 2014 - December 2021

○ Supervised 24/7 dispatch operations; ensured data accuracy and compliance with national databases.

○ Led union contract negotiations (as elected President), honing stakeholder-management and presentation skills.
