

ABDUL AQIB MOHAMMAD

abdulaqibmohammad@gmail.com | 201-705-0377 | [linkedin.com](https://www.linkedin.com)

OBJECTIVE

An individual with ambitions to become a Data Scientist, possessing a robust expertise in machine learning and data analysis. I am excited to utilize my skills and enthusiasm for AI/ML in an internship position at HP, where I can contribute to groundbreaking projects and acquire practical experience in the latest technologies.

EDUCATION

Master of Science, Data Science Jan 2024 - Present
Campbellsville University, Kentucky
Courses: Introduction to AI/ML, Technical Writing, Big Data Analytics, Project Management, Data Mining, Design Thinking, AI applications, Ethical issues of AI. GPA: 4.0
Bachelor of Engineering, Mechanical Engineering Aug 2019 - July 2023
Osmania University, India

SKILLS

Programming Languages: Python, R, SQL, m Verilog (Hardware Description Languages)
Tools: Tableau, Jupyter Notebook, GitHub
Machine Learning Models: Linear Regression, Logistics Regression, Decision Trees, Random Forests.
Others: Data cleaning, Data preprocessing, Feature Engineering, Predictive Modeling, Data Visualization, Quality Assurance, Technical Writing, Project Management.

PROJECTS

- Customer Segmentation using K-means Clustering** May 2024- August 2024
- **Objective:** Analyzed customer data to identify distinct segments for targeted marketing strategies.
 - **Outcome:** Successfully identified key customer segments and provided actionable insights for marketing teams.
 - **Skills Used:** Python, Data Preprocessing, K-Means Clustering, Data Visualization, Communication of Results
- Real Estate Price Forecasting with Machine Learning** January 2023- May 2023
- **Objective:** Built a machine learning model to predict home prices based on factors like location, square footage, and number of bedrooms.
 - **Outcome:** Developed and evaluated predictive models with real-world application potential, demonstrated through visualization.
 - **Skills Used:** Python, Data Preprocessing, Feature Engineering, Machine Learning Model Implementation, Evaluation, Communication of Results

EXTRA-CURRICULAR ACTIVITES

- **Leadership:** Served as class representative during graduation, developing leadership and organizational skills.
- **Volunteering:** Actively participated in college events and social activities, gaining experience in organizing and managing tasks.
- **Sports:** Competed in college sports, demonstrating teamwork and dedication.

HOBBIES AND INTRESTS

- **Coding:** Passionate about learning new programming languages and solving complex problems.
- **Mathematics:** Enjoy solving math problems and understanding theoretical concepts.
- **Sports:** Enthusiastic about playing badminton and cricket, maintain a competitive spirit
- **Fitness:** Committed to staying fit through home workouts.
- **Socializing:** Enjoy spending quality time with family and friends.
