PROFESSIONAL EXPERIENCE:

Higher Study Abroad Inc. (Raleigh, NC)

July 2025– Present

Business Analyst

Automation of Prior Authorization Submission:

- Spearheaded the elicitation and documentation of end-to-end business requirements for automating Prior Authorization workflows within an EHR-integrated PEGA case management solution.
- Developed comprehensive BRDs, FRDs, and user stories adhering to CMS regulatory standards; maintained full traceability via Requirements Traceability Matrix (RTM).
- Facilitated Joint Application Development (JAD) sessions and stakeholder workshops to capture system-level and operational requirements for HIPAA 5010-compliant authorization processes.
- Led a team of Business Analysts by assigning deliverables in JIRA, tracking sprint progress, and ensuring alignment with clinical, IT, and compliance stakeholders on the payer side.
- Conducted detailed requirements walkthroughs with QA and UAT teams to validate acceptance criteria, reducing defect leakage and ensuring test alignment with business expectations.
- Actively contributed to Agile Scrum ceremonies including sprint planning, stand-ups, reviews, and retrospectives; supported Product Owners with backlog grooming and prioritization.
- Ensured HIPAA compliance across all authorization workflows and claims processing modules, minimizing audit risks and improving CMS alignment by 20%.
- Provided real-time support during UAT by clarifying business logic, validating system responses, and resolving issues via JIRA in coordination with technical teams.
- Played a key role in developing and delivering end-user training for clinical staff on Prior Authorization processes within EPIC and Facets platforms.
- Standardized Prior Authorization intake methods (portal, paper, fax, phone) through digital transformation initiatives to streamline case adjudication timelines.

Algorizin Inc (New York)

Role: Business Analyst

January 2024 – June 2025

Project Summary: Mobile Banking

- This is a PEGA based project where Mobile Banking Application have successfully coordinated the implementation of key initiatives such as Mobile Check Deposit, Zelle

Responsibilities:
