Baltimore, MD (Open to Relocation) | 443-825-8920 | flaniyanjr@gmail.com | [LinkedIn](#) | [Github](#)

SOFTWARE ENGINEER

Versatile Full Stack Software Engineer skilled in Python, JavaScript/TypeScript, Flask, and React, with experience leveraging LLMs and AI-assisted development workflows to accelerate software delivery and automate business processes. Brings strong problem-solving and communication skills to fast-paced Agile teams. Possesses a unique perspective from a transition from public policy research and a background as a 2-sport NCAA athlete.

TECHNICAL SKILLS

AWS • CI/CD • Claude Code • CSM • CSS • Docker • FastAPI • Firebase (NoSQL) • Flask • FlutterFlow • Git • GitHub • HTML • Integration/ Unit Testing • JavaScript • Jira • Matplotlib • Next.js • Node.js • OOP • Pandas • PostgreSQL • Prompt Engineer • Python • React • REST APIs • SQL • SQLAlchemy (ORM) • SQLite • Tableau • TypeScript • VS Code

EXPERIENCE

[SEIU](#) Washington, DC (Remote)
Full Stack Software Engineer (Intern) 06/2025 - 08/2025

- Improved UX of AI chatbot by shipping data deletion and reconfiguration features to production in the React frontend
- Crafted and iteratively refined LLM prompts to categorize and analyze sentiment for 283 city resident issues, translating customer pain points into actionable technical requirements
- Developed a robust Python script to submit refined prompts and resident issue data to the ChangeAgent API and retrieve LLM responses, automating 100% of resident issue analysis
- Conducted a technical review of and edited SEIU's app documentation, enhancing accuracy/ user comprehension
- Partnered with cross-functional teams to align technical deliverables with data-driven campaign objectives

[Ballmecca](#) Baltimore, MD (Remote)
Full Stack Software Engineer (Intern) 10/2024 - 01/2025

- Developed an interactive Google Maps feature that boosted user engagement (20% increase) by allowing real-time reviews of local sports fields
- Engineered a ChatGPT-based AI chatbot to streamline customer support processes by automatically answering app-related user inquiries
- Headed implementation of automated testing and crafted 10+ integration tests, reducing debugging time
- Self-learned Flutter framework, enabling successful contribution to buildout of company app (Flutter/ Firebase)
- Contributed to product development in an early-stage startup setting with evolving priorities and rapid release cycles

[The Brookings Institution](#) Washington, DC (Hybrid)
Research Assistant 06/2022 - 08/2023

- Built and analyzed an Excel database for 400+ workforce-related programs that was pivotal in a [major publication](#)
- Propelled state-level policy change recommendations by authoring 3 case studies and 2 reports on workforce issues

[AARP Foundation Experience Corps](#) Washington, DC (Remote)
Recruiting, Onboarding, and Social Media Specialist 04/2021 - 05/2022

- Designed and oversaw a volunteer database for 200+ volunteers with Excel, decreasing data retrieval times
- Led analysis of 2021 recruiting data and created a strategy that led to a 15% increase in volunteer acquisition

TECHNICAL PROJECTS

PickupPal - [Github](#) | [Demo](#)

Sports app allowing users to create and register for pickup games (React/ TypeScript, Flask/ SQLAlchemy, PostgreSQL)

- Independently developed the application's React frontend and Flask backend using a scalable full-stack architecture
- Enhanced user account security by implementing cookies to enforce authentication for subsequent logins
- Assembled 15 REST API endpoints, supporting app functionality and streamlining frontend-backend communication
- Built 13 pytest integration tests for REST API endpoints, improving backend reliability and reducing debugging time

EDUCATION

[AI & Data Science Apprenticeship \(Paid Work-Study Program\)](#), Flatiron School, Remote, February 2026 - Present

[Full Stack Software Engineering Program](#), Flatiron School, Remote, September 2023 - December 2023

Bachelor of Arts, Psychology and English, Swarthmore College, Swarthmore, PA, September 2016 - May 2020

- Achievements: Varsity Soccer & Varsity Track & Field (3x all conference award winner)
