# Jood Kamal

Master’s student in Health Informatics (Analytics) with a background in pharmacy and healthcare operations. Experienced in data analysis, SQL, and healthcare information systems. Proficient in statistical programming and data visualization, with a strong interest in applying data science techniques to solve real-world healthcare problems. Seeking a Data Science Internship to contribute analytical skills and gain hands-on experience in advanced analytics and modeling.

## PROFESSIONAL EXPERIENCE

• **CVS Pharmacy** Rochester hills, MI  
Pharmacy Technician October 2024 -April 2025

- Assisted pharmacists in accurately dispensing prescriptions, verifying medication dosages, and ensuring compliance with pharmacy regulations and patient safety protocols.
- Provided direct customer service by answering medication-related questions, processing insurance claims, and resolving patient concerns with professionalism and empathy.

• **South Lake Pharmacy** Tampa, FL  
Pharmacy Technician June 2023 – June 2024

- Spearheaded quality control initiatives within the lightbox labelling department, ensuring adherence to rigorous standards.
- Conducted thorough inspections to guarantee the absence of particles and maintained accurate volume measurements before final product labelling.
- Played a pivotal role in non-sterile laboratory operations, specializing in capsule preparation.
- Assisted in packaging and labelling for prompt delivery, maintaining compliance with regulations.
- Covered roles in lab and shipping departments as needed, showcasing adaptability and commitment.

• **Al Faiasel Drugstore** Amman, JO  
Medical Sales Representative July 2022 – February 2023

- Developed and maintained relationships with dermatologists to promote pharmaceutical products.
- Provided detailed product information and clinical data to healthcare professionals to support prescribing decisions.
- Conducted comprehensive market analysis to identify key opportunities and develop targeted sales strategies.
