PROFESSIONAL SUMMARY

Dynamic project coordinator with a proven history at Southern New Hampshire University, enhancing team productivity and student satisfaction. Skilled in strategic planning and document management. I successfully managed multiple projects, ensuring timely completion and quality outcomes. Adept at fostering collaboration and implementing process improvements to drive operational efficiency.

WORK HISTORY

October 2021 - July 2024

Southern New Hampshire University -Remote - Manchester, NH

Project AIM Coordinator

- Improved team productivity with regular communication and progress updates, fostering a collaborative work environment.
- Enhanced operational workflows by maintaining well-organized documentation systems and updating records accurately as needed.
- Managed project timelines for successful completion, ensuring our team met their milestones and deadlines were adhered to.
- Collaborated with department heads to develop strategic plans aligning with overall company objectives, fostering a unified approach toward shared goals.
- Assisted in recruitment efforts by coordinating interviews and managing onboarding activities for new hires.
- Coordinated logistics for large-scale events, significantly reducing setup times and eliminating scheduling conflicts.

December 2022 - February 2023

Southern New Hampshire University - Remote - Manchester, NH

Research Team Member

-
- Streamlined data collection processes for improved efficiency and accuracy in research findings.
 - Utilized advanced statistical software packages to analyze complex datasets and draw meaningful conclusions from results.
 - Collaborated with team members to develop innovative research methodologies, resulting in breakthrough discoveries.
 - Secured grant funding for critical projects by crafting compelling proposals demonstrating project relevance and potential impact.

October 2019 - June 2021

Green River Coalition - Auburn, WA

Team Leader and Coordinator

- Set performance expectations for the team, monitoring progress towards goals and providing constructive feedback as needed.
- Empowered team members by delegating responsibilities according to individual strengths and areas of expertise.
- Maintained an inclusive and diverse team culture, promoting respect and understanding among all members.
- Evaluated team member performance against established objectives during regular reviews, offering praise for achievements or identifying areas requiring further development.
- Created the schedule for all employees and kept inventory and maintenance for all field tools and supplies.

-
- Wrote proposals for authorization to purchase tools and supplies as needed for project sites. Purchased tools and supplies.
 - Enhanced team productivity by implementing efficient task delegation and regular performance evaluations.

October 2018 - October 2019

Green River Coalition - Auburn, WA

Restoration Project Planner

- I traveled to restoration site and performed an assessment and analysis of the land parcel.
- Developed and wrote a proposal for the landowner to review and sign. Met with landowners to present and deliver proposal.
- Created soil maps, GIS maps, and vegetation maps for projects.
- Analyzed historical data on past projects to inform future strategy and optimize resource utilization across multiple initiatives simultaneously.
- Developed and maintained comprehensive project documentation, ensuring clear communication of objectives, timelines, and deliverables across all stakeholder groups.
- Optimized project schedules by closely monitoring progress and proactively addressing potential roadblocks.

October 2018 - June 2019

Green River Coalition - Auburn, WA

Technician

-
- Maintained a safe work environment by strictly adhering to established safety protocols and guidelines.
 - Fostered culture of continuous improvement, encouraging innovation and efficiency in technical processes.
 - Promoted sustainability, recommending and implementing eco-friendly technical practices and solutions.
 - Worked with diverse types of weather and ground conditions.
 - Completed preventive maintenance on machines to enhance production and maintain quality.
 - Physical field work restoring salmon habitat.
 - Planned and held events for the community successfully.

September 2011 - October 2018

Division of Developed Disabilities - Ellensburg, WA

Caregiver

- Assisted clients with activities of daily living, promoting independence and quality of life.
- Cleaned house, ran errands, managed laundry, and completed weekly grocery shopping.
- Assisted with dressing guidance, grooming, meal preparation, and medication reminders.
- Administered medications as prescribed, ensuring accurate dosage and timely administration for maximum efficacy.

-
- Prioritized patient dignity, privacy, and autonomy during all aspects of care provision.
 - Transported individuals to events and activities, medical appointments, and shopping trips.
