Jersey City, NJ 07306 | (551) 554-1982 | kku8924@nyu.edu | <https://www.linkedin.com/in/khushboo-udeshi/>

PROFESSIONAL SUMMARY

Clinical Data Analyst and MPH candidate with 3+ years of experience in clinical research, healthcare data management, and public health analytics. Demonstrated ability to collect, clean, and analyze large clinical datasets to support evidence-based healthcare decisions. Skilled in REDCap, Excel, R, and SAS with a strong foundation in clinical terminology and health record systems. Proven record in contributing to actionable insights, improving data quality, and supporting cross-functional teams in high-impact projects. Detail-oriented, collaborative, and driven by a passion for improving patient outcomes through data integrity and analysis.

EDUCATION

- 1. Masters of Public Health (MPH) – Epidemiology**
New York University, School of Global Public Health | May 2025 | **GPA: 3.88**
- 2. Bachelor in Medicine and Surgery**
Maharashtra University of Health Science, Mumbai, India
- 3. Diploma in Nutrition and Health Education**
Indira Gandhi National Open University, Delhi, India

SKILLS AND CORE COMPETENCIES

- **Data Analysis & Visualization:** Excel, R, SAS, Stata, Tableau, NVivo
- **Database & Tools:** REDCap, EMR/EHR systems, CTMS
- **Clinical Data Management:** Data validation, cleaning, entry, and reporting
- **Healthcare Knowledge:** Familiar with HIPAA, FDA guidelines, clinical workflows, public health terminology
- **Communication & Collaboration:** Report writing, stakeholder coordination, bilingual (English, Hindi, Marathi, Gujarati)
- **Remote Work Readiness:** Self-driven, task-oriented, adaptable in virtual environments

CERTIFICATIONS

- **Medicine and Surgery:** Maharashtra Council Of Homeopathy, Mumbai | Certificate No.: 7610 | DOR : 09/14/2021
- **Nutrition and Health Education:** IGNOU, Delhi | Certificate No.: F0369018 | DOR : 08/09/2023
- **Healthcare Project Leadership,** May 2025
- **R for Data Science and Machine Learning,** June 2025
- **CPR / AED / Basic First Aid,** June 2025
- **Nutrition, Health & Wellness Coach Certification,** July 2025

EXPERIENCE

Clinical Research Intern – Alzheimer Study

Healthcare Innovation & Technology Lab (HITLAB) | New York, NY | Mar 2025 – May 2025

- Collected and validated digital screening data from 100+ elderly participants across NYC senior centers
- Managed participant records in REDCap and generated weekly data integrity reports
- Increased engagement by 25% by improving community outreach and reporting turnaround

Research Assistant - All of US (NIH Funded) Research Program

New York University | Jan 2025 – March 2025

- Processed and cleaned clinical and genomic data from over 1,000 participants
- Developed SOPs for participant data intake and IRB-compliant documentation
- Created standardized reports for internal stakeholders using Excel and NVivo

Graduate Student Assistant

New York University - Department of Biostatistics | Jul 2024 – Dec 2024

- Cleaned large national survey datasets and performed regression analysis in R

- Automated report generation in Excel, reducing analysis time by 30%
- Created health disparities dashboards used in grant reporting and stakeholder meetings

Delphi Strategic Intern – Healthcare Technology and Analytics

Healthcare Innovation and Technology Lab (HITLAB) | New York, NY, USA | Jun 2024 – Aug 2024

- Produced 30+ literature and data briefs supporting digital trial strategy
- Assisted in drafting health data tracking SOPs and user adoption plans
- Supported cross-functional data validation in TB and health equity initiatives

Medical Officer – Clinical Data Management and Reporting

Lotus Multispecialty Hospital | Mumbai, India | Jan 2021 – April 2023

- Reviewed and flagged adverse events in 200+ patient records for QA/QI reporting
- Aggregated chronic disease trends into actionable performance reports for clinical teams
- Oversaw documentation workflows to ensure data completeness and protocol alignment

COVID-19 ICU Physician – Data Driven Clinical Oversight

NESCO Jumbo COVID Center | Mumbai, India | March 2022 – May 2022

- Managed ICU-level surveillance dashboards for over 120 daily COVID patients
- Reduced clinical triage delays by optimizing data capture and response workflows
- Contributed to real-time treatment evaluations including antiviral protocols

Clinical Trainee – Cardiac Health and Chronic Disease

Multi-specialty Clinics | Mumbai | Jan 2017 – May 2020

- Maintained Excel-based patient registries for 150+ chronic disease cases
- Conducted follow-up documentation and care gap tracking for high-risk patients

VOLUNTEER & SERVICE

Public Health Volunteer – Nutrition Data Collection

Health & Nutrition Research Foundation | Mumbai | Nov 2019 – Feb 2020

- Entered and analyzed survey data from 500+ households using structured templates
- Created summary trend reports used in monthly community health planning

Community Health Worker – Maternal Data Recording

Swasth Foundation | Mumbai | Sep 2018 – Dec 2018

- Recorded data from 200+ antenatal visits using paper and digital forms
- Collaborated with health staff to ensure timely sharing of critical indicators

Public Health Volunteer – Immunization Analytics

BMC Health Department | Mumbai | Mar 2016 – May 2016

- Audited immunization records for data completeness across 25 centers
- Supported mobile vaccination data entry for school health programs

PUBLICATIONS AND CONTRIBUTIONS

- Co-author on 2 manuscripts (under peer review) on patient-centered genomic and digital research
- Contributor to HITLAB white papers on digital trials and engagement metrics

Hiring Team

Sytex Solutions
United States (Remote)

Dear Hiring Team,

I am writing to express my interest in the Entry-Level Clinical Data Analyst (Remote) position at Sytex Solutions. With a Master of Public Health (MPH) in Epidemiology from New York University (May 2025) and more than three years of experience working with clinical and public health data, I bring a strong foundation in data cleaning, validation, and analysis, coupled with a deep understanding of healthcare systems and regulatory compliance.

In my recent roles as a Clinical Research Intern at HITLAB and a Research Assistant on the NIH-funded All of Us project at NYU, I managed REDCap databases, conducted data quality checks, and generated reports to support clinical research outcomes. I am proficient in Excel, R, SAS, and Tableau and have hands-on experience working with EHR systems and structured datasets. I've successfully collaborated with cross-functional teams and contributed to data workflows that informed patient care decisions and public health planning.

What excites me about Sytex Solutions is your commitment to transforming healthcare through data. I am eager to contribute to your team by ensuring clinical data accuracy, supporting analysis projects, and applying my skills to improve patient outcomes. My experience working remotely across interdisciplinary teams has prepared me to thrive in a collaborative and virtual environment.

Thank you for considering my application. I look forward to the opportunity to discuss how my background, skills, and dedication align with the goals of Sytex Solutions. Please feel free to contact me at your convenience.

Sincerely,
Khushboo Udeshi
