PROFESSIONAL EXPERIENCE

Kennesaw State University | *Graduate Research Assistant* | Kennesaw, GA

Jan 2023 – Present

- Collaborated and effectively showcased key statistics for the Children and Family Programs, leading to a remarkable 70% increase in user visits to the program page, demonstrating the impact of data-driven insights on program performance.
- Managed a department budget of \$100K, optimizing resource allocation and reducing expenses by 10% while maintaining high-quality patient care standards.
- Managed and utilized data-driven insights to assess and report on Key Performance Indicators (KPIs), enabling informed decision-making and strategic planning.

Techological Association of Georgia (TAG) | *Data and Audit Intern* | Remote

June 2023 – Present

- Collaborated with the TAG Data team to compile and present comprehensive data on Georgia's Digital Health landscape, covering total companies, job positions, statewide employment, and revenue.
- Designed PowerBI Dashboard of data from 200 Georgia-based companies, refined it in Excel, and created an auto-updating Power BI dashboard for comprehensive insights into Digital Health trends.
- Designed and created dashboard, boosting TAG website data visibility by 50% and ensuring continuous company information upkeep for enhanced online presence and accessibility.

Phoebe Putney Health System | *Project Management Intern* | Americus, GA

Jan 2022 – Aug 2022

- Conducted patient assessments, developed care plans, and administered medications and treatments for a caseload of 20+ patients, resulting in a 95% patient satisfaction rate and a 20% reduction in hospital readmissions.
- Managed daily feedback channels to enhance communication and interpersonal skills within the healthcare team. Maintained regular interactions with an average of 20 patients per week, facilitating data collection for ongoing service improvements and aligning with business management objectives, by following HIPAA and Medicare guidelines.
- Oversaw a project involving the collection of feedback from 150 patients, utilizing valuable insights to drive continuous enhancements, boost user satisfaction, and optimize healthcare services, with a focus on compliance with HIPAA and Medicare standards.

PROJECTS

Healing Minds Behavioral Clinic Database, *Class project*

Jan 2023- May 2023

- Played the role of Project Manager by collecting the requirements, prioritizing features, and communicating the outline, while documenting the project.

- Designed a database to hold registration information, patient activities, and hospital schedules.
- Created a detailed UML design along with interactive dashboards using PowerBI.

Medbill Solutions, *Class Project*

Aug 2023- Present

- Trained and collaborated with a team of 8 by conducting/scheduling 5 interviews to create hypothetical medical company to analyze company culture.
- Generating a presentation with final conclusions and Victory Intelligence scores.

LEADERSHIP

International Student Association | President | Americus, GA
