EDUCATION

Rowan University

M.S. in **Data Science** — GPA: **3.90/4.00**

Glassboro, NJ

Aug 2024- May 2026

- ★ Relevant Coursework: **Visual Analytics, Big Data, MLOps, Data Mining, Advanced DBMS**, Patient Data Privacy and Ethics, Applied Multivariate Data Analytics.

Modern Education Society's Wadia College of Engineering

B.E. in **Computer Engineering** — GPA: **9.09/10.00**

Pune, India

2019 – 2023

- ★ Honors Program in **Artificial Intelligence & Machine Learning**
- ★ Relevant Coursework: **Machine Learning, Data Structures, Data Science and Big Data Analytics, Cloud Computing**.

SKILLS

- ★ **Data Visualization & Platforms:** **Power BI**, Power Query, Semantic Modeling, **Tableau**, **Streamlit**, Plotly, Microsoft Office (Excel Pivot Tables, VLOOKUP, PowerPoint).
- ★ **Database Engineering & Languages:** **SQL** (Multi-table Joins, CTEs, Window Functions, Query Optimization), **PostgreSQL**, **Python** (Polars, Pandas, NumPy, SciPy), **R**, MongoDB, AWS (S3, EC2).
- ★ **MLOps & Tooling:** MLflow, Pydantic, Docker, Git, Relational Database Modeling (**Star Schema**).
- ★ **Technical Concepts:** **Predictive Modeling, Business Intelligence**, Data Refinement, Process Automation, Statistical Analysis, Hypothesis Testing, ETL Pipelines, Agile Methodologies.

EXPERIENCE

IBM SkillsBuild AI Experiential Learning Lab

AI Transformation Fellow

Remote

2026

- ★ Collaborated with a multidisciplinary team to design an **AI-driven healthcare solution** focused on improving patient engagement and care coordination using Claude AI tools.
- ★ Analyzed current-state ("As-Is") and future-state ("To-Be") business workflows to identify opportunities for process improvement, data refinement, and **AI adoption**.
- ★ Contributed to documenting business requirements, workflow diagrams, and implementation recommendations for corporate stakeholders.

Accenture

Data Analytics Virtual Experience Program

Remote

2024

- ★ Analyzed multi-source social media datasets to identify top-performing content categories and engagement trends for strategic reporting.
- ★ Created automated data visualizations and recurring reporting templates to communicate actionable insights effectively to executive stakeholders.

1Stop.ai

Machine Learning Intern

Remote

2022

- ★ Performed exploratory data analysis and data quality checks on text and image datasets to identify data gaps and structural inconsistencies.
- ★ Improved model training efficiency by **15%** through optimized data preprocessing, automated features, and streamlined extraction workflows.

TECHNICAL PROJECTS

Commercial Real Estate Portfolio Analytics Platform | Python, PostgreSQL, Power BI, Git

June 2026

- ★ Engineered an end-to-end commercial real estate analytics pipeline that integrated fragmented property, lease, and transaction data into a centralized reporting platform.
- ★ Developed Python data-cleaning pipelines using **Pandas** to validate property records, resolve missing values, standardize lease data, and improve data quality for downstream reporting..
- ★ Enforced referential integrity through primary and foreign key constraints within a **PostgreSQL star schema**.
- ★ Developed an interactive executive-facing **Power BI** dashboard leveraging custom DAX expressions to monitor **\$128M** in industrial sales volume, tracking annualized rental income and a **84.27%** portfolio occupancy rate.

Chicago Transit Big Data Analytics Pipeline | Python, Polars, SQL, Streamlit

Spring 2026

- ★ Engineered an end-to-end Big Data analytics pipeline using a Bronze/Silver/Gold **Medallion Architecture** to ingest and transform **800K+ Chicago taxi trip records from a public data source**
- ★ Developed Python and Polars-based ETL workflows for schema validation, deduplication, null handling, and data transformation, producing **643K+ analytics-ready records**.
- ★ Built a MongoDB-backed analytics platform and interactive **Streamlit/Plotly dashboards** to visualize trip demand patterns, peak hours, payment trends, and operational insights.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- ★ **IBM SkillsBuild Credentials:** AI Experiential Learning Lab: Industry Immersion · Make Agentic AI Work for You · Enterprise Design Thinking Practitioner (2026)
