Objective

Results-driven and detail-oriented web developer with 3 years of experience designing, developing, and maintaining dynamic web applications. Proficient in front-end technologies including HTML, CSS, JavaScript, TypeScript, React, and Angular. Passionate about creating responsive, user-friendly websites and optimizing user experiences. Eager to leverage my technical expertise and problem-solving skills to contribute to innovative web development projects in a growth-oriented organization. Looking to expand my horizons and dive deeper into Artificial Intelligence.

Skills

Technical Skills:

- **Languages:** HTML5, JavaScript, TypeScript, SQL, Python, C#, Core Java
- **Front-end Technologies:** React, Angular, jQuery, Bootstrap, CSS, SASS
- **Back-end Technologies:** Node.js, REST APIs
- **Databases:** MongoDB, Microsoft SQL Server
- **Version Control:** git, GitHub
- **Tools:** webpack, npm, Figma

Soft Skills:

Teamwork; Problem-Solving; Time Management; Self-Motivation; Attention to Details

Work Experience

Nova Express

Project #2: Nova Express | <https://novaexpress.ai>

Sep 2024 – Present

Middle Software Engineer

- Developed an email marketing platform that enables marketers to design, schedule, and send personalized email campaigns to clients.
- Built an intuitive drag-and-drop email editor, allowing users to easily create responsive, mobile-friendly email templates without needing any coding skills.
- Implemented real-time reporting features to track email opens, clicks, user interactions, bounce rates, and unsubscribes, enabling marketers to adjust their strategies and improve the performance of campaigns.
- Developed advanced segmentation capabilities, enabling marketers to target specific audience segments based on demographics and purchase history.
- Working towards AI integration.

Nova Express

Project #1: E-commerce Web Application

Sep 2022 – Oct 2023

Junior Web Developer

- Integrated Stripe API/PayPal API to provide seamless online payment processing
- Designed and implemented a user-friendly product catalog, product filtering, and sorting features
- Collaborated with the design team to implement a responsive design using CSS Flexbox and Grid, ensuring cross-browser compatibility

Nova Express

Internship

Jun 2022 – Aug 2022

Software Engineer Intern

- Participated in development of two internal projects, programming was in JavaScript/Typescript.
- Went through courses on data structures and algorithms while strengthening skills.
- Troubleshooting issues, solved approximately 30 problems.

Atlas Cross LLC

Atlas Cross | <https://atlascross.io>

Nov 2023 – Aug 2024

Middle Software Engineer

- Frontend work with Angular and TypeScript
- Created and managed Zoom integration
- Worked on subsystems including the in-site messenger, class scheduler/booker, currency changer, etc.
- Integrated Stripe API/PayPal API to provide seamless online payment processing
- Collaborated with cross-functional teams including UX/UI designers and product managers to deliver responsive websites.

Projects

Web Archivers | Georgia, Johns Creek

Jun 2022 - present

- Developed multiple flexible web scrapers for various websites, mostly forums
- Used a combination of selenium and the requests to process and archive large amounts of data
- Development is ongoing as more websites are found

Mirage Cinema eBooking System | Georgia, Athens

Jan 2023 – May 2023

- Functional cinema booking system made with Java Spring and React
- Project for CSCI 4050, this was a semester long project with a working team of 5 students

Snake Game | Georgia, Johns Creek

Jun 2020

<http://playsnake.online>

- Created an app that lets users play the popular Snake game using JavaScript/HTML5/CSS

Education

The University of Georgia | Georgia, Athens

Aug 2021 – Dec 2024

Major: B.S. in Computer Science

GPA: 3.87

Certifications

Microsoft Certified: Azure AI Fundamentals

October 16, 2025

- ID: 801A484E3A25A3C | Cert Number: 4FC503-D68T37

Microsoft Certified: Azure Fundamentals

November 3, 2025

- ID: 19242DBBDCE455D2 | Cert Number: F2B4CA-D0155B
