EXPERIENCES

Logistic Coordinator – Bluehawk LLC (Contracted to Nuance Communication – Microsoft)
Melbourne, FL/USA **Feb 2024 – May 2025**

- Provided customer support by responding to inquiries and resolving delivery issues.
- Managed inventory levels and coordinated transfers with third-party warehouses.
- Forecasted demand to ensure accurate stock planning.
- Created and tracked purchase orders, working closely with suppliers.

Software Developer - Internet Resource Group,
Royal Palm Beach, FL/USA **Feb 2022 - June 2023**

- Built and customized Backorder and Distributor Inventory Tracking Systems using Zoho Creator.
- Created and scheduled queries in MSSQL and MySQL to keep systems updated.
- Developed full stack web applications using JavaScript, PHP, and React.
- Improved parts diagram features using PHP, React, and MySQL.

Channel Manager – Partsnet Inc. Oakville / Canada **Dec 2018 – Dec 2019**

- Collected and processed daily Amazon customer orders.
- Managed and improved product listings on Amazon.
- Boosted the visibility and competitiveness of Partsnet's products on Amazon.
- Made the product return process more efficient.

Assembly Line Engineer - Production Department
Arcelik A.S. Compressor Plant Eskisehir / Turkey **Mar 2003 to Dec 2015**

- Supervised a 165-member assembly line team.
- Managed key production processes, including Dehumidification Oven, Compressor Cover Welding, and Final Assembly.
- Gave regular performance feedback and motivated team members to meet production targets.
- Prepared and reviewed daily, monthly, and yearly production reports.
- Led projects to improve productivity and efficiency.
- Performed regular inventory checks to maintain accuracy.
- Kept the workplace organized and efficient using the 5S method.
- Applied Kaizen and Poka Yoke techniques to improve quality and reduce errors.
- Oversaw Total Productive Maintenance (TPM) to minimize downtime and extend equipment life.

Materials Planning and Inventory Control Specialist - Production Planning Department-
Arcelik A.S. Compressor Plant Eskisehir / Turkey **Jun 1993 to Feb 2003**

- Created monthly production plans based on demand and capacity.
- Used SAP for Material Requirements Planning (MRP) and generating material needs.
- Supervised purchasing activities and confirmed incoming orders.
- Analyzed daily inventory data to anticipate and prevent stock issues.
- Managed regular and cycle inventory counts to ensure accuracy.
- Led purchasing operations and supported supplier development.
- Assessed and evaluated local/domestic suppliers for quality and reliability.

Leadership and Projects

- Led the SAP ERP implementation project at ARÇELİK A.Ş. Compressor Plant.
- Executed Six Sigma projects to improve welding processes and reduce defects.
- Developed and deployed a computer-based system for product tracking.
- Managed object recognition projects to verify material presence on products.
- Guided multiple Kaizen and Total Productive Maintenance (TPM) initiatives.
- Set up a tracking system for managing warehouse materials.

EDUCATION

Coursera – IBM Data Analyst	Jan 2022 – May 2022
Excel spreadsheets, Python, Pandas, Numpy, Jupyter Notebooks, Cognos Analytics	
Nucamp Inc. Online Bootcamp	
Back End, Sql, and DevOps Developer with Python	Jan 2022 – May 2022
University of Toronto /Toronto/Canada	
Coding Bootcamp (Full Stack Web Developer)	Oct 2019 – Apr 2020
Middle East Technical University-IDE_A/Ankara/Turkey	
Certificate of Information Technologies	Oct 2004 – Jul 2005
KOGEM/Istanbul/Turkey	
ISO 9000	Mar 1995
Quality Costs	Mar 1995
Problem Solving Techniques	Mar 1995
FMEA	Apr 1995
Statistical Process Control	May 1995
Value Engineering	Jun 1995
Education Methodology	Jun 1995
Supplier Inspection	Sep 1995
Supplier Evaluation	Sep 1995
Communication in Organizations	Sep 1996
Sap System, Application and Products/Istanbul/Turkey	
MM – Material Management	Oct 1995
MM - Customizing	Feb 1996
PP - Production Planning	Feb 1997
WM - Warehouse Management	May 1997
Istanbul Technical University/Istanbul/Turkey	
Management Engineering, bachelor's degree	1983 to 1988

SKILLS AND INTERESTS

Skilled on Microsoft Word, Excel, Access, and Power Point, Power BI, Inventory Control, Materials Management, Supply Chain Management, Kaizen, Total Productive Maintenance, and Computer Based Production, Html, Css, Bootstrap, Javascript, Node.js, Express, Python, Mysql, MongoDB, Postgresql, React, Sap (MM, PP, WM, MRP).

Language: English (Higher Intermediate), Turkish (Native).

Member-Chamber of Mechanical/Industrial Engineers/TURKEY
