AWARDS

UNF Institute of Environmental Research/Education, 08/2021, 10/2021, I received a 250\$ reward for completing the UNF Institute of Environmental Research/Education training course in fall 2021.

EXPERIENCE

Pharmacy Technician, Mar 2023 - Aug 2023

CVS, Orlando, United States

- In my position as a pharmacy technician, I was responsible for welcoming customers and patients at the pickup counter, where I fulfilled their prescription requests
- Additionally, I received prescriptions in the drop-off section and accurately inputted all required information
- My role also included preparing medications by filling them into appropriate packaging while efficiently working within the drive-through facility too.
- Filled bottles or packaging with measured medication amounts manually or mechanically.
- Handled prescription orders at counter, in drive-thru line and via delivery service.
- Entered orders in computer system for refills.
- Stocked supplies and set up cash drawers to maintain readiness for day's business.
- Maintained inventory of medications and pharmaceutical supplies.

Youth Data Entry volunteer, Mar 2022 - Jun 2023

American Red Cross, Orlando, United States

- As a Data Entry personnel, I ensure that every volunteer is assigned to a suitable position and on schedule in fulfilling their volunteering duties.
- Moreover, I collaborated with Ms Karen - the American Red Cross administrator and manager - on various projects.
- Identified and corrected data entry errors using established quality control methods.
- Updated and maintained databases, tracking and improving recordkeeping.

Dental Assistant, Aug 2021 - Nov 2021

Elias Prosthodontics, Jacksonville, United States

- As a dental assistant with Dr Elias, I ensured the workspace was clean and ready for patients before their appointments.
- Supported dentists and hygienists with expert chair-side clinical assistance.
- My responsibilities included sterilizing instruments thoroughly both before each appointment and after every use.
- Prepared stations for routine check-ups and specialized procedures.
- Performed preventive maintenance on dental equipment.
- Prepared compounds and supplies for temporary dental applications.
- Performed basic laboratory tasks such as pouring impressions and trimming models.

- Participated in professional development opportunities such as attending conferences or workshops related to dental assisting field.

pharmacy technician, Mar 2021 - Jul 2021

Edgewood Pharmacy, Jacksonville, United States

- Upon completing my certificate in Pharmacy Technician, I gained hands-on experience at Edgewood Pharmacy under the guidance of Dr Sree.
- My duties comprised organizing and stocking medication on shelves while ensuring complete prescription accuracy for patients and tending to customer needs with a warm greeting every time.
- Entered orders in computer system for refills.
- Handled prescription orders at counter, in drive-thru line and via delivery service.
- Avoided product waste with proper stock rotation procedures.
- Filled bottles or packaging with measured medication amounts manually or mechanically.

Manager assistant, Aug 2019 - Apr 2022

Al Rahman market, Jacksonville, United States

- As an assistant manager, my responsibilities included scheduling employee shifts and conducting thorough aisle inspections to ensure everything was orderly and tidy
- Additionally, I promptly reported any incidents or concerns to the manager while assisting as a cashier and welcoming customers at the entrance.
- Monitored employee work to assess performance and identify knowledge gaps.
- Oversaw execution of opening and closing procedures to desired standard.
- Planned and executed strategies to increase business and drive profit growth.
- Organized training for new team members and routine retraining for established employees.
- Supervised and guided employees to reach company objectives.
- Covered daily business requirements with well-organized schedules and properly delegated assignments.

EXTRACURRICULAR ACTIVITIES

Better together interfaith center. interfaith Center at UNF, Jacksonville, Florida, 08/2021, 05/2022, As a leader within the interfaith center organization at the University of North Florida, I held responsibility for sharing and educating individuals about various faiths and beliefs. Our group's name, 'Better Together,' reflected our belief that unity among diverse religions was essential. Discrimination against any religion or personal ideology was prohibited during our campus events. As a leader in this organization, we hosted several educational events to help aspiring leaders develop their skills while embracing themselves wholeheartedly. In total, 108 hours were dedicated to these efforts.

Dental assistant shadowing, Elias prosthodontics, Jacksonville, Florida, 08/2021, 11/2021, Hours completed were 84 hours.

Dental shadowing, Tamaya Dental Care, Jacksonville, Florida, 11/2021, 03/2022, For a few months, I had the opportunity to shadow Dr. Shankeertha and gain insight into the field of general dentistry. During my time with her, I observed various procedures

such as filling placement, Invisalign fittings, and tooth extractions. Ultimately, my total hours completed for this shadowing experience amounted to 63 hours. Youth Data Entry volunteer, American Red Cross, orlando, Florida, 03/2022, 06/2023, As a Youth Data Entry Volunteer, I recorded the volunteer hours of other individuals in the American Red Cross system. Along with that, my duties included removing inactive volunteers and enrolling new participants. In total, I successfully completed 52 hours of work.
