

Michael Wierzbicki (774) 212-2717 | mwierz1@yahoo.com

Summary

Detail-oriented and analytical professional with a foundation in statistical modeling, data analysis, and visualization. Proficient in leveraging tools such as R, SQL, and Excel. Skilled communicator with experience presenting complex data-driven solutions to diverse audiences.

Technical Skills

- **Programming & Tools:** R, SQL, R Studio, Python, Microsoft Excel (Advanced), Tableau
- **Statistical Methods:** Regression Analysis, Hypothesis Testing, Data Cleaning, Predictive Modeling, Machine Learning
- **Other Skills:** Data Visualization, Problem Solving, Communication, Teaching

Professional Experience

Caregiver **Fort Mill, SC** *Aug. 2023 - Dec. 2024*

- Assisted family member with day to day needs.

Adjunct Lecturer, Tri-County Technical College – Pendleton, SC *Jan. – Aug. 2023*

- Taught six classes per semester, covering subjects ranging from remedial math to calculus and statistics.
- Designed and delivered engaging lectures, ensuring concepts were effectively communicated.
- Developed assignments and exams to assess comprehension and provided constructive feedback to over 100 students.
- Integrated real-world examples to demonstrate statistical applications.

Graduate Teacher of Record, Clemson University – Clemson, SC *Aug. 2021 - May 2022*

- Delivered lectures and graded assignments in my assigned courses using provided exams and lecture materials.

Graduate Teaching Assistant, Clemson University – Clemson, SC *Aug. 2020 – Aug. 2021*

- Assisted professors in grading assignments, exams, and projects for undergraduate statistics and calculus courses.
- Provided one-on-one and group tutoring sessions to help students understand complex statistical concepts.

Education

Master of Science in Mathematical Sciences (GPA: 3.75)

Clemson University – Clemson, SC

- Emphasis in Statistics

Bachelor of Science in Mathematical Sciences (GPA: 3.91)

Clemson University – Clemson, SC
