EXPERIENCE:

VANGUARD, Malvern, PA**Financial Data Analyst – Provider Performance and Fee Analytics**

March 2023 – Present

- Providing data and reporting for business partners by querying data and creating, writing, and pulling reports based on end-user needs
- Identifying opportunities to standardize, scale, or automate common report requests. Proposing enhancements to the reports and existing processes. Interpreting business needs, analyzing the impacts, preparing for change, and documenting the procedures
- Training team members on reporting tools and creating visuals based on data reports to show results
- Providing actionable insights on Vanguard's banking services, utilizing technology to develop process efficiencies, and providing strategic recommendations on how to reduce costs

Corporate Accountant – Fixed Assets & Leasing

May 2021—March 2023

- Analyzed and monitored all capitalized assets under Vanguard (VGI) and its international entities
- Reviewed lease contracts for the terms to record accurate accounting of the leases
- Utilized Oracle Analytics Cloud to automate manual processes and innovating new reports for business partners
- Prepared footnotes for the financial statements and rollforwards to assist business partners in planning and reporting

Corporate Accounting Intern – US Business & Cash Team

June 2020 – May 2021

- Created support files and gathered data to ensure accuracy in the accruals and actual figures for the US Business & Cash team for multiple entities
- Researched discrepancies in the cash and revenue balances, collaborated with other teams to solve the issue
- Determined and analyzed important drivers for fluctuations in revenue and cash
- Shared my experience in Oracle Cloud with job aids and journal support samples for the team to be up to speed and ready for an accurate and timely month close

Fund Financial Analyst – Income & Expense

May 2019 – June 2020

- Developed and monitored business performance metrics and work with business partners and key management to monitor departmental performance, highlight trends across key performance indicators and investigate abnormalities
- Determined and implemented internal audit controls
- Created and implemented a training plan to increase conceptual knowledge within the team

Fund Financial Associate – Income & Expense

March 2018 – May 2019

- Managed all impacts within Fixed Income Funds to verify accrual and yield accuracy
- Built relationships with external and internal business partners to reconcile journal entries by researching and providing solutions for income or expense related cash or share breaks

Retail Operations Associate

February 2017 – March 2018

- Interpreted and processed a broad variety of retail client requests. Specialized in the transfer of Mutual Funds, ETFs, and other brokerage securities in and/or out of Vanguard Retail client accounts while exceeding department metrics
- Teamed up on problem solving sessions to identify workflow-related issues and created solutions for process improvement using Lean Management
