Experience

Element One, Inc 2023-2025
Analytical Chemist

Key Responsibilities: Performed qualitative and quantitative analysis of materials using various EPA established methodologies and laboratory SOPs. Analyzed and interpreted complex analytical data and generated reports for clients. Operated, maintained, troubleshooted, and calibrated analytical entrustments to ensure optimal performance and data accuracy (PerkinElmer, Metrohm, Shimadzu). Adhered to safety protocol, and maintained a clean and well organized laboratory environment. Maintained accurate and detailed laboratory notebooks and documentation in accordance with GLP/GMP standards.

Technical Skills: Chromatography, Spectroscopy, Wet Chemistry, Software and Data Systems, Regulatory Compliance, Method Development and Validation, Troubleshooting.

Behavior Consultation and Psychological Services 2022-2023
Behavior Technician

Key Responsibilities: Provided one-on-one and group therapy sessions using evidence-based ABA principles. Implemented individualized behaviour intervention plans to address challenging behaviours under supervision of a BCBA. Safely and effectively implemented crisis intervention and de-escalation techniques as needed, following established protocol. Accurately collected, recorded, and graphed behavioural data to monitor progress and inform treatment adjustments. Fostered strong rapport and positive relationships with clients and their families.

Technical Skills: Applied Behaviour analysis (ABA), Task Analysis, Behaviour Intervention Plans (BIPs), Reinforcement Schedules, Punishment Procedures (ethical application), Data Collection and Analysis, Health Insurance Portability and Accountability Act (HIPAA) protocol.

Albemarle Animal Hospital 2021- 2022
Veterinary Technician

Key Responsibilities: Provided compassionate and skilled nursing care to hospitalized and outpatient animals. Educated clients on pet health and provided empathetic support. Prepared patients for surgery, induced and monitored anesthesia, and assisted during surgical procedures. Collected and prepared samples for in-house and external laboratory analysis. Operated and maintained diagnostic equipment including digital radiography and in-house laboratory analyzers (Idexx). Accurately filled and administered medications (Oral, IV, IM, SQ), filled prescriptions, and maintained controlled substance logs.

Technical Skills: Patient Care, Anesthesia, Diagnostics, Surgical Assistance, Dental Care, Pharmacology, Animal Handling, Software (Corner Stone, PetDesk), Record Keeping.

Starlight Cafe and Farm 2019- 2021
Farm Operations

Key Responsibilities: Directed and oversaw day-to-day farm operations, including planting, cultivation, harvesting, and pest management. Developed work schedules, assigned tasks, and provided guidance to ensure efficient work flow and high productivity. Managed and maintained farm facilities, including barns, storage units and fencing.

Technical Skills: Crop Management, Livestock Management (Cattle, Sheep, Chickens), Organic Certification Standards, Soil Science, Plant Pathology, Farm Machinery.
