SUMMARY:

Results-driven **Supply Chain Analyst** with **2 years of experience** skilled in **demand forecasting, inventory optimization, and supply planning**. Strong analytical background with expertise in **SAP ERP, Power BI, SQL, and Advanced Excel** for data-driven decision-making. Experienced in **cost-benefit analysis, procurement, and material planning**, ensuring efficient operations in fast-paced environments.

WORK EXPERIENCE:

Supply Chain Inventory Specialist | April 2025 – Present **Reckitt**

- Generated accurate demand forecasts using historical and promotional data, improving forecast accuracy by 14%.
- Created Excel-based dashboards and automation tools for inventory planning, reducing overstock.
- Partnered cross-functionally in S&OP and regional supply alignment for enhanced planning.
- Resolved inventory inquiries by analyzing KPI trends and conducting scenario simulations.

Graduate Research Assistant | June 2023 – May 2024 **University of Missouri – St. Louis**

- Conducted **inventory forecasting** and **transportation network optimization** for supply chain efficiency.
- Analyzed food bank **supply chain challenges** and proposed data-driven solutions for **last-mile delivery**.
- Authored research reports and collaborated on grant proposals related to **logistics and analytics**.

Market Research Analyst | Dec 2021 – Feb 2022 **Adskawala**

- Conducted **qualitative and quantitative market research** to analyze consumer trends.
- Developed visual reports using Power BI, improving decision-making efficiency by **25%**.
- Provided **strategic recommendations** based on data analytics to **optimize supply chain strategies**.

Sales Associate | Sep 2021 – Dec 2021 **Bombay Gifting Company**

- Implemented **SAP ERP** for inventory tracking, reducing costs by **5%**.
- Managed customer relationships and **order fulfillment**, ensuring smooth operations.
- Provided insights on **raw materials, production processes, and quality control**.

Assistant Traffic Manager | Aug 2021 – Sep 2021 **Visakhapatnam Port Trust**

- Oversaw port operations, vessel scheduling, and international shipping for oil, coal, and chemical exports.
- Managed hazardous cargo transport, ensuring compliance with international safety regulations.
- Optimized vessel productivity and logistics, leading to cost-effective and timely shipments.

SKILLS:

- Demand Forecasting & Supply Planning:** Multi-Channel, Product Mix, Market Trends
- Advanced Analytics:** Power BI, Advanced Excel, SQL, Data Modelling
- Inventory & Production Control:** Material Planning, Procurement, Component Allocation
- Operational Strategy:** Risk Evaluation, Contingency Planning, Product Launch
- ERP & Tools:** SAP ERP, Strategic Analysis

EDUCATION:

University of Missouri - St. Louis | December 2024
MSc in Supply Chain Management & Analytics

Indian Maritime University | June 2022
Bachelors in Logistics and Supply Chain Management,
E - commerce and Retailing

EXTRACIRCULAR ACTIVITIES:

- A Live presentation on Social Studies Taxation in live TSAT nipuna Channel.
- Secured first place twice in National level Science fair competition conducted by Telangana social welfare college.
- (I - Kyu) Brown Belt in Karate martial arts.

PROJECTS:

Intermodal Transportation of Corn Grains:

- Integrated multi-modal transport solutions to optimize logistics, reducing costs and delays.
- Developed data models and conducted simulations to assess and resolve transportation bottlenecks.
- Reduced transportation costs by **15%** and improved delivery time by **20%**.

Customer Churn at Graybar:

- Utilized data mining and predictive modeling to analyze and forecast customer retention trends.
- Recommended targeted retention strategies, leading to improved customer loyalty.
- Increased customer retention rate by **10%**.

Logistics Analysis of Budd Lake wines:

- Conducted location analysis and optimized distribution planning to enhance supply chain efficiency.
- Ran logistics simulations to identify optimal routes, reducing transit times and costs.
- Reduced lead time by **25%** and storage costs by **12%**.

Financial Analysis Performance of National Mineral Development Corporation:

- Evaluated profitability using key financial indicators and conducted financial ratio analysis.
- Identified operational improvements and investment strategies.
- Discovered cost-saving opportunities totaling **\$500K** annually.
