EDUCATION

University of Texas at San Antonio (UTSA) — San Antonio, TX

Dual B.B.A., Cybersecurity & Computer Information Systems

Concentration: Cyber Policy & Strategy | **Summa Cum Laude**, May 2025

- Honors thesis and capstone evaluated cybersecurity governance frameworks. Capstone analyzed 4 governance frameworks (NIST, ISO, PCI-DSS, CIS); identified 12 compliance gaps and proposed 3 recommendations, ranked #1 project of 10 teams.
 - Relevant coursework: Data Analysis, Strategic Technology Management, Cloud Computing, Policy Evaluation.
-

PROFESSIONAL EXPERIENCE

Affiliate Member – Women in Cybersecurity (WiCyS) | 2025–Present

- Produced 4 structured policy briefs synthesizing insights from AI and cybersecurity governance sessions, shared with 40+ student and faculty participants.
- Collaborated with industry experts on regulatory and data-driven problem-solving in governance and compliance.

Cybersecurity & Policy Researcher – UTSA Capstone Projects | 2023–2025

- Conducted requirements gathering, risk assessments, and process documentation across IT systems.
- Produced reports and workflows that converted technical data into clear business-focused recommendations.
- Assisted in validating solutions and preparing structured deliverables used as reference models.

Independent Research & Analysis – Technology & Global Policy | 2022–2025

- Researched international regulatory frameworks (GDPR, HIPAA, SOX) and their impact on business operations and compliance processes.
 - Produced memos, surveys, and policy briefs—skills transferable to creating user stories, use cases, and documentation.
 - Leveraged multilingual proficiency (English, Farsi, Azeri Turkish) to analyze cross-border adoption of technology and policy frameworks.
-

LEADERSHIP & ENGAGEMENT

- Team Lead – Security Labs: Directed 5 peers in cyber incident simulations, producing 2 structured reports adopted as teaching resources.
 - Academic Presenter: Selected by faculty to present capstone results to department chairs; recognized for strategic clarity and persuasive delivery.
 - Guided 10+ classmates on resume prep, policy awareness, and consulting career pathways.
-

SKILLS & QUALIFICATIONS

- **Business Analysis:** Requirements gathering, use cases, user stories, workflow documentation, stakeholder engagement.
- **Data Tools:** SQL (queries, joins, aggregations), Python (Pandas, NumPy), Excel
- **Documentation & Process Modeling:** Policy briefs, SOPs, memos, BPMN/UML basics.
- **Tools:** Microsoft Office (Word, Excel, PowerPoint), Google Workspace, Tableau (intro), familiarity with Jira/Confluence.

- **Communication:** Strong writing, presentation, and facilitation skills for both business and technical stakeholders.
 - **Languages:** English (fluent), Farsi (fluent), Azeri Turkish (fluent).
-

STRENGTHS

- **Analytical Problem-Solver:** Skilled at breaking down complex problems into structured, actionable solutions.
Detail-Oriented Researcher: Experienced in reviewing and documenting processes with precision.
 - **Collaborative Team Member:** Thrives in cross-functional teamwork and supporting senior analysts.
 - **Global Perspective:** Multilingual and adaptable to diverse organizational environments.
-
