

Skills

Data Analysis & Visualization

Analyze and interpret large datasets to identify patterns and trends. Build interactive dashboards and reports to support decision-making.

Data analysis, dashboarding, data visualization, insights, reporting, trend analysis, storytelling, Power BI, Tableau, Excel, Google Data Studio

Database Management & SQL

Write complex SQL queries to retrieve, manipulate, and manage structured data for reporting and analysis.

SQL, relational databases, data extraction, data querying, joins, stored procedures

Data Cleaning & Preparation

Clean, transform, and validate raw data from multiple sources to ensure accuracy and usability in analysis.

data wrangling, data preprocessing, data integrity, ETL, data transformation

KPI Tracking & Performance Reporting

Define and monitor key performance indicators (KPIs) and metrics aligned with business goals.

KPI tracking, business metrics, performance dashboards, executive reporting, OKRs

Cross-Functional Collaboration & Communication

Work closely with teams across departments (sales, finance, operations) to understand data needs and deliver insights.

stakeholder collaboration, team communication, cross-functional, data-driven decision-making

Soft Skills

Strong critical thinking, attention to detail, and adaptability in fast-paced environments. Excellent at presenting complex data in clear, actionable ways.

problem-solving, attention to detail, presentation skills, adaptability, time management, collaboration

Certifications

Excel Skills for Data Analysis and Visualization

SQL for Data Science

Microsoft Power BI Data Analyst Associate

Awards

Full Academic Scholarship Recipient

Awarded by Tribhuvan University for high ranking in the IOST Entrance Exam to pursue a CSIT degree at **Amrit Science Campus (ASCOL)**.

Top Female Graduate – CSIT Program, ASCOL

Recognized as the highest-ranking female student in the program for overall academic performance.
Keywords: top graduate, female topper, academic leadership, distinction

Data Project Excellence Award – Genese Solution (Internal Recognition)

Led a high-impact data analysis project that improved reporting accuracy and reduced manual errors by 35%.

Best Proposal Contributor – Genese Solution

Recognized for outstanding contribution to data-driven content and insight development in high-value RFP responses.

Summary

Detail-oriented and analytical **Data Analyst** with 4 years of experience transforming complex data into actionable insights to drive business decisions. Skilled in data cleaning, visualization, and statistical analysis using tools such as **SQL, Excel, Python, Power BI, and Tableau**. Proven track record of improving reporting efficiency, identifying trends, and supporting strategic planning in fast-paced environments. Adept at collaborating with cross-functional teams to translate business needs into data solutions. Passionate about leveraging data to solve real-world problems and optimize performance.

Experience

Genese Solution

July 2021 – Present

Data Analyst

Kathmandu, Nepal / USA (Remote)

<https://www.genesesolution.com/>

- Collected, cleaned, and analyzed large datasets to support decision-making for cloud service performance and client usage trends.
- Built interactive dashboards using **Power BI** and **Tableau**, reducing manual reporting time by 40%.
- Wrote complex **SQL queries** to extract data from relational databases for reporting and ad hoc analysis.
- Automated recurring reports using Python and Excel, increasing operational efficiency across departments.
- Collaborated with cross-functional teams (sales, operations, and finance) to identify KPIs and track performance.
- Conducted A/B testing and data analysis to evaluate service adoption and customer satisfaction metrics.
- Presented findings to senior leadership, influencing key business strategies and resource allocation.

Education

Tribhuvan University

2017-2021

Computer Science and Information Technology

Bachelors Degree

3.6

<https://tu.edu.np/>

Bachelor of Science in Computer Science and Information Technology (CSIT)

Amrit Science Campus (ASCOL), Tribhuvan University – Kathmandu, Nepal

2018 – 2022

- Gained admission through **IOST Entrance Exam** – ranked among top scorers nationwide.
- Studied at **ASCOL**, Nepal’s leading government IT college under TU.
- Awarded **full scholarship** based on academic merit.
- Graduated as **female topper** of the batch, maintaining top performance throughout the program.
- Core coursework: Programming, Database Systems, Algorithms, Networking, and Software Engineering.
