Professional Experience

NetSource, Inc.

San Francisco, CA

Data Analyst

Sep. 2025 – Present

- Engineered automated data pipelines using Python/SQL to extract, transform, and clean complex corporate datasets; established KPIs.
- Architected interactive dashboards in Power BI and Tableau, integrating operational metrics to deliver real-time executive visibility.
- Spearheaded workforce optimization workstreams by applying quantitative behavioral frameworks to translate raw data into operational strategies.
- Designed and automated cross-platform data integrations across enterprise platforms, removing bottlenecks to scale throughput.
- Enforced rigorous data quality assurance (QA) protocols across active BI systems, achieving 100% data integrity and eliminating variances.

Reckitt

Hyderabad, India

Data Analyst

Jun. 2022 – Dec. 2023

- Administered global HR data architectures and lifecycle analytics for international hiring workstreams using SAP SuccessFactors.
- Served as Functional Lead for core HRIS enhancements, authoring test cases, executing User Acceptance Testing (UAT), and managing deployments.
- Optimized enterprise data models to eliminate manual manipulation, significantly increasing reporting throughput and system reliability.
- Conducted monthly statistical variance analyses comparing global metrics against targets to systematically isolate pipeline friction points.

Deloitte

Hyderabad, India

Data Analyst

Jan. 2019 – Jul. 2020

- Executed financial compliance audits on complex investment portfolios, ensuring alignment with SEC and PCAOB regulatory reporting frameworks.
- Audited high-risk financial structures including 401(k) plans, LLCs, and private placements to identify and mitigate exposure risks.
- Led risk assessment workstreams, managing end-to-end quality control and risk-modeling adjustments ahead of tight regulatory deadlines.
- Synthesized complex compliance data into technical briefs, presenting risk-mitigation strategies directly to corporate leadership teams.

Technical Skills & Affiliations

- **Data & Analytics:** SQL, Python, Power BI, Tableau, Advanced Excel, Data Cleansing, Data Modeling, ETL Pipelines, Snowflake
- **Enterprise Systems & Cloud:** SAP SuccessFactors, Salesforce, ServiceNow, ADP Workforce Now, AWS Cloud Environments
- **Methodologies & Tools:** Agile/Scrum, Jira, User Acceptance Testing (UAT), Quality Control, Risk Assessment Frameworks
- **Affiliations:** ASCEND (NorCal) | IIBA (Bay Area Chapter) | SHRM (NorCal Chapter)

Technical Projects

Predictive People Analytics Pipeline & Dashboard | *Python, SQL, Tableau*

- Engineered an end-to-end Python script to clean and transform a 5,000+ record dataset and executed EDA to map key friction points.
- Built and deployed a logistic regression model in Scikit-Learn (87% accuracy) and created a dynamic Tableau dashboard for actionable insights.

Education

Golden Gate University

San Francisco, CA

Master of Business Administration (MBA) – Business Analytics (STEM Designated)

Sep. 2025

Symbiosis International University

Pune, India

Bachelor of Business Administration (BBA) – Finance & Accounting

Jun. 2016
