

SHALINI GADDE

shalinigadde76@gmail.com | (669) 268-7911

PROFESSIONAL SUMMARY

Highly motivated **Data Research Analyst** with 2+ years of experience in **data research, market research, and analytics** to drive business decisions. Skilled in **gathering, interpreting, and analyzing complex datasets** to extract insights that support business strategies. Proficient in **SQL, Python, Tableau, and Power BI**, with expertise in **data visualization, reporting, and statistical analysis**. Adept at **creating detailed reports, conducting market analysis, and collaborating with cross-functional teams** to develop data-driven opportunities. Strong communicator with experience **presenting findings to stakeholders and optimizing research processes** to enhance decision-making.

SKILLS

- **Data Research & Market Research:** Trend analysis, competitor research, business insights
- **Data Analysis & Visualization:** SQL, Python (Pandas, NumPy), Power BI, Tableau, Excel
- **Statistical Analysis & Reporting:** Hypothesis testing, regression, A/B testing, KPI tracking
- **ETL & Data Processing:** Data extraction, transformation, wrangling, Power Query
- **Database Management:** SQL (MySQL, PostgreSQL, SQL Server), NoSQL (MongoDB)
- **Business Intelligence & Decision Support:** Ad-hoc reporting, forecasting, stakeholder communication
- **Cloud & Big Data Tools:** AWS (S3, Redshift), Google Big Query, Azure

EXPERIENCE

Shear Force - Data Analyst

Hyderabad, Telangana, India • 05/2022 – 08/2023

- Conducted **data research and market analysis** using **SQL, Python, and Excel**, identifying trends and business opportunities.
- Created **detailed reports and interactive dashboards** in **Power BI and Tableau** to support data-driven decision-making.
- Collaborated with **stakeholders and cross-functional teams**, presenting insights that improved strategic planning.
- Developed **automated data pipelines and ETL workflows**, enhancing data accuracy and reporting efficiency by **30%**.

HCL- Data Analyst Intern

Hyderabad, Telangana, India • 11/2021 - 05/2022

- Assisted in **market research and competitor analysis**, extracting insights from large datasets.
- Developed **ad-hoc reports and dashboards** in **Tableau and Excel**, improving research efficiency.
- Performed **statistical analysis and exploratory data analysis (EDA)** to uncover market trends.
- Presented **research findings to senior analysts**, influencing data-driven business strategies.

TECHNICAL PROJECTS

- **Market Research Dashboard (Power BI, SQL, Excel)** – Developed an interactive **Power BI dashboard** to analyze **industry trends, competitor insights, and customer behavior**, enabling data-driven decision-making.
- **Customer Sentiment Analysis (Python, SQL, NLP)** – Conducted **text analysis on customer feedback**, identifying patterns in satisfaction and engagement to improve business strategies.
- **Predictive Business Analytics (Python, SQL, Scikit-learn)** – Built a **forecasting model** to predict revenue trends, using **machine learning and regression analysis** to enhance market research insights.
- **Competitor Pricing Analysis (SQL, Excel, Tableau)** – Analyzed **pricing trends and competitor strategies**, providing insights through **SQL-based data extraction and Tableau visualizations**.
- **Data Integrity & Quality Testing (SQL, Power BI, Snowflake)** – Conducted **data validation and quality checks**, optimizing SQL queries to improve research accuracy and reporting consistency.

EDUCATION

Master of Science: Information Studies

| **Trine University** | Phoenix, AZ •

05/2025

COURSE WORK

- Data Science and Big Data
- Project Management
- Market research and Business Analytics.
- Advance Database
- Cloud computing
- Statistical analysis and predictive modeling.
- Data Visualization and Reporting.

INTERESTS

- Cooking
- Organizing
- Exploring
- Painting
- Reading Books
