

Shannon Scott, MPH, CPH

Dallas, TX | 817-437-1814 | shannonmscott1814@gmail.com | LinkedIn.com/in/scottmph

Professional Summary

Biostatistician with expertise in clinical data analysis, predictive modeling, and data visualization. Experienced in R, SAS, STATA, SQL, Microsoft Excel, and Power BI, with a strong record of analyzing large datasets, building dashboards, and supporting data-driven decision making through actionable insights. Skilled at extracting, transforming, and analyzing complex datasets, developing reusable reporting workflows, ensuring data quality, and collaborating with cross-functional teams to deliver business insights through clear data visualizations and reporting.

Education

University of North Texas Health Science Center

Master of Public Health in Biostatistics & Data Analysis

May 2025

Texas A&M University

Bachelor of Science in Biomedical Sciences

August 2021

Professional Experience

Tarrant County HIV Administrative Agency, Fort Worth, TX

June 2024 – June 2025

Intern, Biostatistician

- Performed statistical analyses on large-scale biological and clinical data, producing evidence-based recommendations that informed funding priorities and formulary decisions
- Led ETL processes including data extraction, cleaning, transformation, validation, and statistical analysis for a county-wide Community Needs Assessment to identify trends and support operational improvements
- Built, maintained, and presented interactive Power BI dashboards integrating multiple data sources to visualize key performance metrics, business trends, and stakeholder insights

Scholarly Activity

- Analyzed large datasets using SAS and SQL-based data concepts to produce statistical models and communicate analytical findings
- Applied machine learning methods in R to analyze large datasets and validate predictive models
- Developed predictive modeling workflows in R using large real-world datasets to support data-driven decision-making and reproducible reporting

Honors and Awards

- Kenneth Cooper Award for Excellence in Research, 2025
- Delta Omega Honorary Society in Public Health, 2025
- Dean's List, University of North Texas Health Science Center, 2024–2025

Professional Affiliations

- Member, American Statistical Association, 2024–2025
- Member, Public Health Student Government Association (PHSGA), 2023–2025
