Resourceful and dedicated software developer senior student offering strong academic background in Information Technology and great analytical and problem-solving skills. Trained and well-versed in software development and constantly learning to be the best software developer I can be.

EDUCATION

New York City College of Technology, CUNY

Brooklyn, NY Bachelor of Technology in Computer Systems, GPA: 3.19/4.00

06/2025

Relevant Coursework:

Object Oriented Programming

Dynamic Web Development: Servlet/JSP

Object Oriented Systems Design

XML Data Representation

Data Structures & Algorithms

Software Development and the .NET Framework

Kingsborough Community College, CUNY

Associate in Applied Science in Computer Information Systems, GPA: 3.49/4.00

Brooklyn, NY

06/2020

Relevant Coursework:

C++ Programming

HTML Authoring and JavaScript

Introduction to Operating Systems

Network Server Administration

Java Programming I

Introduction to Database

TECHNICAL SKILLS

Programming Languages: C++, C#, Java, JavaScript, SQL, HTML, CSS, Python

Web Dev. Framework & Libraries: React.js, Angular

Server Environments: Node.js

Version Control: GitHub

Cloud & Deployment Technologies: AWS, Google Cloud, Azure

PROJECTS

New York City College of Technology – Department of Computer Systems Brooklyn, NY

Social Media App: uToo

08/2022 - 12/2022

- Collaborated with project members to design a social media app
- Detailed projected app development and market competition risks

Shoe Store Website

08/2022 - 12/2022

- Created test cases for expected website features and out from the site
- Ran test on website features of the website to ensure optimal performance and results

Alpha Prime Tech – Full Stack Web Development with Cloud

Brooklyn, NY

- Quiz Application** **07/14/24 - 07/16/24**
- Created a quiz application that tests users based on the subject on their choice
 - Users can choose the quiz category as well as difficulty and number of questions
 - Questions are generated and results are displayed upon completion
- Mortgage Calculator** **08/5/24**
- Developed a mortgage calculator that calculates mortgage monthly payments
 - Accepts principal, annual interest, and year to generate mortgage
- Homes App** **07/17/24 - 07/23/24**
- Developed housing market application
 - Shows houses for sale and list all available housing data
- E-Commerce Application** **08/26/24 - 08/28/24**
- E-Commerce that sells clothing for men, women and children
 - Filters merchandise by men women and kids and displays popular clothing section
 - Presents different sizes for items and both new and old prices are displayed
- Weather App** **03/15/25**
- Simple applications that display weather details
 - Presents the type of weather out today and temperature
 - Displays current humidity and wind speed

WORK EXPERIENCE

Alpha Prime Tech – Full Stack Web Developer Intern **05/20/2024-Present**

- HTML, CSS, Bootstrap, JavaScript, and ES6 for building dynamic and responsive websites.
- Worked with HTML tags and HTML5 features such as media tags and geolocation.
- Knowledge of CSS properties, positioning elements, and implementing CSS3 features like transitions and media queries.
- Explored the Bootstrap framework and its components for creating responsive web pages.
- Learned JavaScript fundamentals, including data types, control structures, and DOM manipulation.
- Advanced JavaScript concepts such as ES6 and ES7 features, modules, arrow functions, and classes.
- Introduction to Angular, including setup, TypeScript basics, and understanding components, directives, services, routing, debugging and error handling.
- Worked with forms in Angular using both template-driven and reactive approaches, including validation and form submission.
- Managing HTTP requests in Angular, including handling responses, errors, and authentication.
- Understanding of Angular modules, lazy loading, and optimization techniques.
- Knowledge of React Vite with Rest API capabilities
- Deploying with AWS Cloud

CERTIFICATIONS

freeCodeCamp – Legacy JavaScript Algorithms & Data Structures **July 11, 2024**

Certificate: <https://www.freecodecamp.org/certification/fcc0b99d06e-2021-4d0b-9b9a-bc0a7fb98bd3/javascript-algorithms-and-data-structures>
