

SAI VIGNESH KUMAR PAMMI SEKAR

Springfield, IL | 217-220-4203 | saaivigneshkumar10@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

AWS Certified Solutions Architect – Associate with a Master's in Computer Science. Hands-on experience in designing and deploying scalable AWS architectures, Linux systems, CI/CD automation, Infrastructure as Code (Terraform and Pulumi), and containerized applications using Docker and Kubernetes. Strong foundation in networking (TCP/IP, DNS, VPC, IAM), troubleshooting and DevOps practices. Open to entry level Cloud Support Engineer, Cloud Engineer, or DevOps Engineer role to contribute to building reliable, scalable, and secure cloud infrastructure.

TECHNICAL SKILLS

Cloud (AWS): EC2, S3, VPC, IAM, EKS, RDS, Route 53, ELB, Auto Scaling, CloudWatch, Secrets Manager

DevOps & Infrastructure as Code: Docker, Jenkins, Kubernetes, Terraform, Ansible, Pulumi, CI/CD Pipelines

Operating Systems: Linux (Ubuntu), Bash/Shell Scripting

Networking: TCP/IP, DNS, DHCP, VLANs, VPC Networking, OSPF, RIP, NAT, ACLs, Subnetting, SSH, HTTP/HTTPS, Wireshark, Cisco Packet Tracer

Security & Monitoring: IAM Policies, Security Groups, CloudWatch, SAST, DAST, IAST, Vulnerability Assessment, AI-Powered Log Monitoring

Programming & Tools: Python, Java, C/C++, MySQL, Bash/Shell Scripting, Linux Ubuntu, Git, GitHub

EXPERIENCE

DevSecOps Intern | Saayam for All Foundation | Remote, USA | May 2026 – Present

- Built and maintained CI/CD pipelines using Jenkins and GitHub Actions, resolving deployment and integration issues.
- Automated build/deployment workflows with Bash scripting and Infrastructure as Code using Pulumi.
- Monitored system uptime, application health, and performance using observability tools; supported SAST, DAST, and IAST security testing.

Networking (CCNA) Intern | Besant Technologies | Chennai, India | Jan 2023 – May 2023

- Configured and managed Cisco routers, switches, VLANs, OSPF, and RIP, improving network performance and reducing latency by 25%.
- Performed TCP/IP troubleshooting, analyzed network traffic using Wireshark, and resolved Linux-based networking issues, increasing system reliability by 30% and reducing downtime by 20%.
- Implemented network security using ACLs and firewalls, reducing unauthorized access risks by 40%.

Cloud Computing Intern | Besant Technologies | Chennai, India | Jun 2022 – Dec 2022

- Deployed AWS infrastructure (EC2, VPC, S3, ALB, Auto Scaling) supporting 1,000+ users with 25% improved availability.
- Automated provisioning with Terraform and CI/CD pipelines, reducing deployment time by 50%.
- Hardened cloud security via IAM policies, security groups, and firewall configurations.

PROJECTS

Production-Ready Microservices App on AWS (DevOps, Monitoring & Security) | May 2026

- Designed and deployed a scalable microservices based application on AWS using Docker containers.
- Built CI/CD pipelines using GitHub actions and Amazon ECR for automated deployments.
- Implemented secured architecture with VPC, IAM, Security Groups, and AWS Secrets Manager.

AWS Multi-Tier Architecture | Mar 2026

- Designed and deployed a secure multi-tier AWS architecture using EC2, VPC, RDS, ELB, and Auto Scaling.
- Implemented IAM policies, load balancing, and automated deployments to improve availability and security.

CI/CD Pipeline Deployment on AWS EC2 Server | Jan 2026

- Designed and implemented an end-to-end CI/CD pipeline using Jenkins, Docker, GitHub Actions, and AWS EC2.
- Automated deployments and monitoring, reducing manual errors by 40% and improving deployment efficiency.

Enterprise Multisite Network — Cisco Packet Tracer | Dec 2025

- Designed and implemented a multi-site enterprise network with VLAN's, DHCP, ACLs, NAT, and WAN connectivity.
- Configured routing protocols, STP, and SSH-based secure access to strengthen enterprise network security.

EDUCATION

M.S. Computer Science | University of Illinois Springfield | GPA: 3.88 / 4.0 | Dec 2025

B.E. Computer Science | Sathyabama Institute of Science & Technology, Chennai | GPA: 3.16 / 4.0 | May 2023

CERTIFICATIONS & ACHIEVEMENTS

- AWS Certified Solutions Architect – Associate (Valid: Jun 2025 – Jun 2028)
- Certified in CCNA, Linux, SQL, Python, and DevOps technologies
- UIS Scholarship (\$1,500) for academic excellence
- First prize in inter-college quiz competition
