

LILI JIANG

JAVA DEVELOPER

New Jersey | 813-606-7742 | cindy.jiangll@gmail.com | linkedin.com/in/lilijiangdl | github.com/174883061

PROFESSIONAL SUMMARY

Java Developer with prior professional software development experience and recent hands-on experience building backend applications using Java, Spring Boot, REST APIs, SQL, and MySQL. Currently strengthening modern backend development skills through software projects and self-directed learning following a career break for family responsibilities.

TECHNICAL SKILLS

Languages: Java, Python, SQL

Frameworks & APIs: Spring Boot, Spring Data JPA, REST APIs

Databases: MySQL, Oracle

Cloud & Tools: AWS, Git, GitHub, Maven

Core Concepts: OOP, Data Structures & Algorithms, SOLID, Dependency Injection, Microservices, CI/CD

PROJECTS

SPRING BOOT APPLICATION | Java, Spring Boot, MySQL, Log4j

- Developed a Spring Boot application with MySQL integration supporting CRUD operations: query, add, update, and delete. Implemented Log4j logging and scheduled background jobs using Spring Boot scheduling.
GitHub: github.com/174883061/

PROFESSIONAL EXPERIENCE

Revature | pre-training program | USA remote | Aug 2026 - Now

- Participant in Revature's Pre-Employment Program, completing software engineering training in Python, SQL, and Big Data related technologies.

AGRICULTURAL BANK OF CHINA | Customer Service Representative | Dalian, China | Jul 2011 - Jun 2016

- Built and maintained long-term customer relationships through personalized service and solutions.
- Communicate with clients to understand needs and recommend appropriate banking products and services, strengthening communication and problem-solving skills.

SINOSOFT LIMITED | Java Software Engineer | Beijing, China | Nov 2005 - Jun 2008

- New China Life E-Commerce Portal – Modernized a legacy insurance platform to improve security and maintainability; developed policy inquiry/update, online activation, and agent-service functionality; contributed to design, development, testing, deployment, and production support.
- CITIC-Prudential Life Asset Management System – Developed an enterprise asset management system covering financial, administrative, and property assets; contributed to system design, application development, data migration, testing, and production support.

CAREER BREAK / FULL-TIME PARENTING

2016 - Present | Focused on family responsibilities while continuing technical development through self-directed learning and hands-on personal software projects. Now actively pursuing a return to software engineering.

EDUCATION & CERTIFICATIONS

- AWS Fundamentals Specialization** | Amazon Web Services (AWS) | Mar 2024 | Credential ID: CW6XY6HTZF9M
- Object Oriented Java Programming: Data Structures and Beyond Specialization** | UC San Diego | Feb 2024 | Credential ID: LY7Z9MSAKB3B
- University of International Business and Economics** China 2009-2011 — **Master of Economics**, Industrial Economics. Focus: Information Systems, Data Analysis & Finance
- University of International Business and Economics** China 2002-2006 — **Bachelor of Mgmt. in E-Commerce**
Relevant Coursework: Java Programming, C Programming, Data Structures, Database Systems, Computer Networks, Systems Analysis & Design, Web Development
