

# Pranav Gupta

(281) 628-5152 | pranavg831@gmail.com | Austin, TX | www.linkedin.com/in/pranav-guptaa/

## EDUCATION

### The University of Texas at Austin

May 2025

*Bachelor of Science in Computer Science and Mathematics, Minor in Business*

Relevant Coursework: *Data Structures, Computer Organization and Architecture, Operating Systems, Autonomous Intelligent Robotics, Object-Oriented Programming, Software Engineering, Machine Learning*

## SKILLS

**Programming Languages:** Proficient in: *Java, C++, JavaScript*

Familiar with: *C, Python, Assembly (x86-64 and ARM), HTML/CSS, MySQL, SQL, Clojure*

**Frameworks:** *GitHub/GitLab, Unity, Blender, ros, Azure, LaTeX, VS Code, Microsoft Office, Figma, Adobe XD, Premiere Pro, Photoshop*

## EXPERIENCE

### G2i, Remote Work - Software Engineer in AI Intern

May 2024 - Present

- Participated in designing, implementing, and optimizing machine learning models by ~10% using Java, Python, and React to improve performance and deliver high-performance applications across client projects
- Contributed to internal process improvements through 3+ open-source collaborations, increasing team adoption of standardized practices

### Jindal, Baytown, TX - IT Intern

June - August 2023

- Updated company website features with React and MySQL, improving page responsiveness and load times by 18%
- Assisted in resolving 30+ technical support requests, reducing average resolution time for IT issues
- Participated in code reviews with a 5-person team, helping ensure consistency and maintainability across the codebase

### Vlogmi, Austin, TX - Tech/Product Assistant

August - December 2022

- Conducted 30+ user interviews and usability testing, identifying key improvements that supported pre-launch adoption
- Developed a working wireframe in Adobe XD while constructing a better UX, reducing design iteration time by 20%
- Fostered communication skills with product managers and developers to ensure design consistency with business goals

## PROJECTS

### Care-Hub.me Software Engineering

January - April 2024

- Collaborated with a 4-person team to develop a web platform raising awareness about healthcare accessibility challenges
- Deployed the website on AWS with Docker, leveraging Python and FastAPI for the backend, while writing 20+ unit and end-to-end tests in Jest and Selenium for unit and end-to-end testing to ensure functionality and quality
- Built a front-end using Svelte, TailwindCSS, and JavaScript, reducing page load times by 15% compared to initial prototypes

### Keydrop Convergent - Design Member/ Product Management and Tech Associate/Lead

January 2022 - December 2023

- Designed and built an IoT device on a 7-person team that won "Best Overall" at Demo Day out of 10+ competing projects
- Allowed for the ability to securely share RFID key access with others by implementing an app that digitally stores keys
- Assisted members in identifying and pursuing viable business ideas and providing guidance on the startup process

### Rude Robot Navigation UT Austin Autonomous Robotics Research Lab

January - December 2022

- Applied an algorithm written in C# that used a built-in motion detector in the HTC Vive VR system to detect head orientation
- Introduced an Azure Kinect and a personal path planning algorithm through functional programming in ros for SPOT to target/block human movement
- Conducted user studies with 30+ participants in VR environments, producing data that contributed to a scientific paper

## LEADERSHIP & COMMUNITY INVOLVEMENT

### Camp Kesem - Camp Counselor, Treasurer, Director

August 2022 - Present

- Supervised 250+ campers, ensuring safety and positive experiences through daily engagement and crisis management
- Managed financial operations, overseeing a budget exceeding \$225,000 annually, ensuring attention to detail in accounting
- Directed operations with strategic leadership and problem-solving to drive growth and engagement for 450+ members

### Habitat For Humanity UT Austin Chapter - Member, Treasurer, President

June 2022 - Present

- Volunteered to build homes with a focus on providing more affordable housing while advocating for the housing crisis through public speaking opportunities, such as meetings and hearings
- Managed financial operations for the organization, including dues and setting up fundraising events
- Led an organization of 150+ members in planning and executing service projects while representing the chapter
