SUMMARY

A motivated 3X Certified Salesforce Developer with over 3 years of experience in Application Support, Design, Development, Testing, and Implementation Platform. Continuously evolving, enthusiastic about learning and exploring new technologies, adept at end-to-end lifecycle development, and capable of creating high-quality, inventive, and fully functional software adhering to coding standards and technical design. Specializes in Salesforce.com customization, with expertise in creating and maintaining Queues, Record Types, Page Layouts, Objects, Tabs, Fields, and Lightning App pages. Brings hands-on experience in SFDC development, utilizing Apex classes and Triggers, coupled with expertise in LWC, SOQL, SOSL, and the Salesforce1 Mobile App.

EXPERIENCE

Salesforce Developer

Mom Relaunch – JAN 2024 - Present

Freelancer – JUNE 2022 - Dec 2023

- Led the development of end-to-end Salesforce solutions, employing Configuration and Customization techniques using Apex and LWC. Successfully implemented three solutions, yielding a 25% increase in system efficiency and user satisfaction.
- Utilized Salesforce automation tools to streamline processes, automating 50% of manual tasks and achieving a 30% reduction in processing time.
- Engineered seamless integrations between Salesforce and external applications, adeptly utilizing REST API. Successfully implemented two integrations, achieving a commendable 25% enhancement in data accuracy and an impressive 40% reduction in data retrieval time.
- Enforced adherence to defined coding standards, ensuring the creation of well-structured, maintainable, and easily understandable code.
- Conducted thorough independent code reviews and developed comprehensive unit/integration test cases, ensuring a test coverage of 90%.
- Stayed abreast of Salesforce Cloud updates and enhancements, offering valuable recommendations to optimize the system.

Salesforce Data Analyst

Optum UHG – NOV 2016 - MAY 2018

- Collaborated with internal stakeholders from business and data teams to document data requirements and mapped them to data integration requirements or translated them into functional specifications for data integration processes.
- Effectively translated client requirements for two projects, achieving a 20% reduction in the need for custom development through the successful application of Salesforce best practices.
- Constructed extensive and intricate data pipelines, merging data from varied sources in diverse formats, and mapping data to designated Salesforce fields. Managed dynamic data integration solutions in both cloud-based and hybrid environments, resulting in a 30% improvement in data accuracy and a 25% reduction in data processing time.
- Successfully migrated data for 3 major projects using Data Loader ETL tools, achieving a 90% accuracy rate and a 20% reduction in data migration time.
- Implemented a robust monitoring system, resulting in the early detection and resolution of 95% of integration issues, thereby reducing system downtime by 15%.

EDUCATION

Masters in Information Technology

Duration: Aug 2014 – May 2016

Institution: BS Abdur Rahman University, Chennai

Bachelors in Information Technology

Duration: Aug 2010 – May 2014

Institution: Anna University, Chennai

CERTIFICATION

Salesforce Certified Administrator – Jan 2022 Credential ID: 22923689

Salesforce Certified Associate – Aug 2023 Credential ID: 3604715

Salesforce Certified JavaScript Developer I – Oct 2023 Credential ID: 3775450

Salesforce Certified Platform Developer I – Feb 2024 Credential ID: 4138529

SKILLS
