BUSINESS ANALYST

SKILLS

Management and Op-Analysis

- Project Management, Problem-solving, New product development
- GAP, SWOT, Return on Investment (ROI), Trend Analysis, Risk Analysis, Cost Benefit Analysis

Applications

- ServiceNow (for ticketing)
- JIRA: For project management from initiation to completion
- Latex, Microsoft Office
- Trello Board: For tracking yearly Roadmap and projects timeline, Medallia (text Analytics)

Software Development Life Cycle

- Agile, Waterfall, Spiral, Scrum

Relational Database

- MySQL, MS Access

Data Analytics and Visualization

- MySQL for scripting. For Analytics SPSS, MS Excel and for visualization Power BI, Tableau and MicroStrategy
- Lead cross-functional teams across sales, operations, and analytics to deliver complex strategic and tactical insights.

Documentation

- BRD (Business Requirements Documents)
- FSD (Functional Specification Document)
- UML – Case diagram, Activity, Sequence Diagram, SIPOC Diagram (Process Improvement, SIX SIGMA)
- UAT (User Acceptance Testing)
- Test Creation using ADO

Business Modelling

- Process Modeling, Workflow modeling: Tools- Microsoft Visio, MS Project
- Advanced proficiency in MS Office Applications: Word, Excel, Visio, PowerPoint

TOOLS & TECHNIQUES

Microsoft Office suites (Word, PowerPoint, Access, Excel, Outlook, Project, Visio), Rational Rose, Rational Requisite Pro, Clear Quest, JIRA, Confluence, Clear Case, MS SharePoint, Alteryx

Business Analyst Skills

- Waterfall, Rational Unified Process (RUP) & Agile methodology
- Software Development Life Cycle (SDLC)
- Unified Modelling Language (UML)
- Joint Application Development (JAD) sessions
- Rapid Application Development (RAD) technique
- Gap Analysis

SUMMARY

Results-oriented Business Systems Analyst with 3 years of experience seeking a challenging position to leverage my skills in analyzing business processes and identifying effective IT solutions. Committed to delivering exceptional functionality and customer satisfaction.

WORK EXPERIENCE

Spectrum / Charter Communications

Present

Business Integration Analyst, Outage Management

Stamford, CT
