

Summary

Business Analyst with 3+ years of experience in optimizing processes, gathering requirements, and delivering data-driven insights. Skilled in documenting BRDs and FRDs, and proficient in SQL, Excel, Tableau, and Power BI for analysis and visualization. Experienced in Agile methodologies, using JIRA and Confluence for project management, and leading UAT. Known for improving operational efficiency, reducing manual tasks, and enhancing data accuracy through collaboration with cross-functional teams to achieve business goals.

Technical Skills

- Languages/Methodologies:** Python, SQL, R, SDLC, Agile/Scrum, Waterfall
- Project Management Tools & Documentations:** MS Project, MS SharePoint, Trello, JIRA, FRD, BRD, SRS, Aha!
- Visualization Tools/Other Tools:** Tableau, Power BI, Microsoft Excel, Figma, Balsamiq
- Analysis Skills:** Cost/benefit analysis, Impact analysis, GAP analysis, Risk analysis, SWOT analysis, Data modeling, Predictive modeling, Exploratory data analysis
- Software/Other Skills:** Microsoft Dynamics CRM, ERP Systems, Confluence, Smart Sheet, Google Analytics, MS Visio, Slack, LMS, Time management, Project Management, Problem-Solving, Decision-Making, Documentation and Presentation, Customer Relationship

Professional Experience

Business Analyst, Franklin Templeton

10/2022 – Present | Remote, USA

- Directed workshops with 12+ stakeholders (portfolio managers, risk analysts, IT, compliance) using Microsoft Teams, Jira, and Confluence to gather, prioritize, and document requirements, improving scope clarity by 25%.
- Mapped workflows using Visio and Lucidchart, identifying process bottlenecks and inefficiencies, and implemented improvements that reduced manual reporting tasks by 30% while improving data accuracy by 20%.
- Designed real-time market data feed integration using AWS Glue for ETL, enhancing portfolio tracking with SQL, Python, and Tableau. Resulted in 99% data accuracy and streamlined synchronization across platforms.
- Collaborated on optimizing Power BI dashboards, reducing report generation time by 40%. Integrated real-time data for dynamic reporting, improving decision-making speed and allowing for accurate financial insights.
- Led UAT with 5+ business units using Jira and TestRail for tracking issues. Delivered training via Microsoft Teams to 20+ users, achieving 100% post-deployment adoption and high user satisfaction.
- Monitored system performance with AWS CloudWatch, resolving 95% of issues within 48 hours. Used Jira Service Desk for issue tracking and gathered feedback to continuously optimize system functionality.

Business Analyst, Capital One India

06/2021 – 08/2022 | India

- Led the Process Improvement for Loan Origination and Approval project, engaging with loan officers, IT, and operations to gather requirements through 15+ workshops and interviews. Documented functional and non-functional requirements. Tools: JIRA, Confluence.
- Mapped the existing loan origination process using Visio and Lucidchart to visualize workflows. Identified inefficiencies, such as 25% delays from manual data entry and approval steps, which hindered processing time. Tools: Excel.
- Analyzed loan processing data using SQL and Excel to identify bottlenecks. Discovered 35% of delays resulted from missing documentation, providing insights to optimize workflows and reduce manual intervention. Tools: Power Query.
- Designed a streamlined future-state process, removing 40% of manual steps. Proposed the use of RPA (UiPath) for data extraction and Power Automate for routing approvals, enhancing speed and reducing errors. Tools: Visio.
- Led UAT planning and coordinated between business and IT teams. Ensured the solution met functional requirements, resulting in a 30% reduction in processing time and improved approval accuracy. Tools: JIRA, TestRail.
- Created training materials and conducted sessions for 50+ loan officers on the new system. Post-implementation analysis showed a 20% improvement in cycle time and 10% increase in customer satisfaction. Tools: Power BI.

Education

Master of Science, Pace University
Information systems

09/2022 - 12/2023 | New York, USA

Bachelors of Technology, NIE Institute of Technology
Electronics and communication

08/2018 - 06/2022 | Karnataka, India
