

Neel Prakash Naik

Phoenix, AZ | +1 (614)-588-3845 | neelnaik0608@gmail.com

SUMMARY

Proficient Data Analyst/Engineer with 3+ years of experience in IT. Skilled in ETL processes, cloud platforms (AWS, Azure), Python, SQL and data visualization (Tableau, Power BI) to drive business results.

SKILLS

Data Analysis & Languages: NumPy, Pandas, Matplotlib, SciPy, TensorFlow, Scikit-learn, Python, R, SQL, SAS

Big Data Technologies & Cloud Technologies: Hadoop, Apache Spark, PySpark, Databricks, AWS, GCP

ETL Tools & Workflows: SSIS, Apache NiFi, Apache Kafka, PyCharm, Jupyter Notebook, Spyder

Databases & Visualization: MySQL, SQL Server, SSMS, Power BI, SSRS

Operating Systems & Version Control: Git, GitHub, GitLab, Windows, Linux

Project Management Methodologies: SDLC, Agile, Waterfall, Lean Six Sigma

EXPERIENCE

Data Engineer | Pfizer | USA

Jan 2024 – Current

- Developed Global Clinical Trial Data Management System using **Agile methodologies**, collaborating with 15-member **cross-functional** team to integrate and analyze clinical trial data from over **100 sources** (EDC systems, **EHRs**), achieving **30% reduction** in data retrieval time.
- Designed and implemented **ETL** processes with **Apache Spark** and **Databricks**, processing **200 GB** of clinical trial data, enhancing data accuracy and consistency by **25%** for real-time analytics, utilizing **Python** for data transformation.
- Optimized data storage in scalable **data warehouse** using **SQL** and **NoSQL** technologies, managing large clinical datasets, improving **query performance** by **40%**, and ensuring compliance with **HIPAA** and **FDA regulations**.
- Collaborated with data scientists to integrate analytics tools and machine learning models, leading to **20%** increase in actionable insights for clinical research, employing **R** and **Python** for **statistical analysis**.
- Ensured **data security** and compliance through encryption and access control, maintaining **data integrity** throughout the project lifecycle, leveraging **AWS** for cloud solutions.
- Created interactive dashboards in **Tableau**, providing **stakeholders real-time** access to **KPIs**, improving reporting efficiency by **35%** and enhancing **data-driven** decision-making through effective **data visualization** and business intelligence.

Data Analyst | Metasystems | India

Jan 2020 - Jul 2022

- Collaborated with data engineers to collect and integrate **large datasets** (~5 million records per source) across multiple systems ensuring consistency and accuracy. Streamlined the **ETL process**, enhancing data ingestion efficiency by **30%**.
- Contributed to the development of a comprehensive **Customer Insights and Analytics Platform**, which integrated and analyzed customer data from CRM systems, **transactional databases**, and external sources to provide actionable business insights.
- Designed and implemented ETL workflows using **SQL** and **Python** to clean, transform, and validate data. Increased data processing speed by **20%**, reducing the time needed for analysis preparation.
- Assisted in building machine learning models (using **Python** and **scikit-learn**) to predict customer behavior and sales trends, improving forecast **accuracy by 25%**. Conducted **model validation** and testing, refining models for real-world applicability.
- Developed interactive dashboards using **Tableau** and **Power BI** to visualize customer behavior patterns, key trends, and business metrics. This resulted in **15%** increase in **decision-making efficiency** for **business stakeholders**.
- Worked in **Agile environment Jira** to collaborate with cross-functional teams and maintained documented analytical processes in Confluence for future reference.
- Contributed to improving business strategy by delivering insights that helped increase **customer retention** by **10%** and optimize marketing campaigns, reducing costs by **8%**.

EDUCATION

Ira A Fulton School of Engineering at Arizona State University

Tempe, AZ

Master of Science in Information Technology

A.P Shah institute of technology at University of Mumbai

Mumbai, India

Bachelors in Electronics & Telecommunication

Thakur Polytechnic at Maharashtra State Board of Technical Education

Mumbai, India

Diploma in Information Technology
