SUMMARY:

- Highly skilled Python Developer with over 5 years of software development experience, including competence in Python, JavaScript, and Java.
- Proficient in web development frameworks like Django and Flask, as well as expertise in database management systems such as MySQL, PostgreSQL, MongoDB, SQLite, and Oracle.
- Demonstrates strong API development skills with Flask-RESTful and Django REST Framework, as well as expertise with Git version control.
- Experienced in deployment and DevOps with AWS, Azure, Heroku, Docker, and Apache Tomcat.
- Capable of using software design patterns such as MVC, Singleton, and Observer, as well as Agile and Scrum project management approaches.

EDUCATION:

Master of Science

Information Technology Project Management, Indiana Wesleyan University, Marion, IN. Apr 2024.

TECHNICAL SKILLS:

- **Programming Languages:** Python, JavaScript, Java
- **Web Development Frameworks:** Django, Flask
- **Databases:** MySQL, PostgreSQL, MongoDB, SQLite, Oracle
- **Version Control:** Git
- **API Development:** Flask-RESTful, Django REST Framework
- **Frontend Technologies:** HTML, CSS, JavaScript, jQuery
- **Testing Frameworks:** pytest, unittest
- **Deployment and DevOps:** AWS, Azure, Heroku, Docker, Apache Tomcat
- **Software Design Patterns:** MVC, Singleton, Observer
- **Project Management:** Agile, Scrum
- **Cloud Services:** AWS (S3, EC2, Lambda), Azure
- **IDEs:** PyCharm, Visual Studio Code, Jupyter Notebook, Eclipse, NetBeans
- **Operating Systems:** Windows, Linux, macOS

EXPERIENCE:

Python Developer
HCL America Inc., NJ

May 2023 – Present
